

CHRISTIAN CHURCH IN BIG RALLY AT TEMPLE

ONE DAY RALLY OF FIFTEEN
COUNTIES WEDNESDAY
OCTOBER 19TH

(By Mrs. Wallace Jones)

A number of members of the Cameron Christian church attended a one-day rally at Temple, Wednesday, October 19. The members were Mesdames Hannah, J. M. Eplen, Guy Slocomb, H. E. Garner, Raymond Beard, Ray Burke, W. A. Copus and Wallace Jones; Misses Grace Eplen and Lorene Wade; Rev. Wallace Jones and Minnie Edith Jones and Stone Garner.

Rev. J. Leslie Finnell, of the church erection and extension department of the United Christian Missionary Society with headquarters at St. Louis, was chairman of the Rally. The program which began at 10 a. m. and closed at 8:40 p. m. went off with the precision of a clock and was snappy, informational and inspirational; so that every one of the one hundred or more people in attendance enjoyed it to the fullest extent.

Some of the outstanding speakers on the program were Rev. J. Finnell of St. Louis speaking on "Some Facts we need to know" and on "Stewardship," the latter in place of Rev. Roger Rife of Belton who was ill; Rev. W. R. Holder, a missionary in Africa for 14 years, speaking on "Changing and Challenging the Conditions on Foreign Fields;" and later on "What we can do, our quota." He was also the chief speaker at the men's banquet at 6:30. Mrs. Bertha McManis, state secretary of the Texas Women's Christian Missionary Society introduced a number of good missionary books to her audience and later acted as chairman of the women's special session in the afternoon and also of the program given at the women's banquet at 6:30.

Rev. J. T. McKissick of Randolph Christian college at Cisco, Texas, spoke on Christian education in the junior colleges, and Rev. Henry G. Bowden, vice-president of Texas Christian university spoke on "Christianizing all education."

Miss Anna Clark, national secretary of the young people's missionary organizations led the afternoon devotional and addressed the afternoon women's session on the three year program in missionary work.

Miss Fremaine, a Christian missionary from China, made two addresses before the rally and was the chief speaker at the women's banquet. She was not willing to talk of her escape from China but rather of the Chinese people themselves. The Chinese Christians and how they need the prayers of Christians all over the world, far more than the foreign missionaries for they are undergoing far greater hardships. She is looking forward to returning to China even before her year here is up. She says that they are very devout, consecrated followers of Christ, but that they need the missionary still, for they are yet but babes in Christ. That it is with them as it would be with us. We might have devout Christians among our 12 and 13 year old boys but we would not want to turn our pulpit over to them.

All those attending greatly appreciated the hospitality of the Temple First Christian church and their pastor, Rev. J. W. Holsapple. The ladies served a fine chili dinner at noon and in every way made us feel welcome.

**\$2,958,448.33 SHOWN
IN BANK DEPOSITS**

PROSPERITY REFLECTED IN DEPOSITS OF BANKS OF CAMERON

Deposits of Cameron banks total \$2,958,448.33, according to statements published in this issue of The Herald.

In addition to the deposits shown the total resources of the banks of Cameron is nearly four million dollars, perhaps the best showing made in recent years by the banks of Cameron, if not the best ever.

The statements of these banks will be found in this issue of The Herald and may be read to fully appreciate the strength of the financial institutions of this city. The deposit figure shows that but a few thousand are necessary to make the total deposit three million dollars.

Three Day Rodeo Opens In Cameron Thursday

Attack Is Fatal To Veteran At Dallas

Mr. and Mrs. Chas. F. Green left Cameron Wednesday morning for Forney to attend the funeral of J. M. Lewis, grandfather of Mrs. Green who died suddenly in Dallas Tuesday afternoon.

The following is clipped from the Dallas News of Wednesday morning: J. M. Lewis, 85, of Forney suffered a heart attack Tuesday afternoon while visiting the State Fair with members of his family, and died in a Red Cross ambulance a 4:30 o'clock, while enroute home.

Uncle Johnny Lewis was a Confederate veteran and a pioneer resident of Kaufman county. His wife, his daughter, Mrs. W. E. Jones of Forney and other relatives, were in Dallas with him.

He was unconscious at first but, becoming conscious again, asked that he be taken home. He lapsed into unconsciousness for the second time between Orphan's Home and Forney, passing away just as the ambulance reached the latter place.

BUSINESS WOMEN WILL GREET STATE PRESIDENT

COUNTRY CLUB SCENE OF BRILLIANT AFFAIR THURSDAY EVENING

The Federated Business and Professional Women's Club of Cameron will entertain Thursday night at the Cameron Country Club in honor of their state president, Miss Daisy Leake and Miss Ollie Mooty, state corresponding secretary of Temple.

Under the direction of Miss Theresa Jensen the spacious hall of the country club has been artistically decorated for the occasion and pep songs have been prepared for the meeting with Miss Manning at the piano.

There will be a seven piece orchestra that will furnish music during the evening.

Miss Annie Stallworth is chairman of the program committee for the occasion and has prepared an attractive number of features.

Talks will be made by several of the women club members. The club has prepared covers for 80 and the dinner will consist of turkey with accessories.

There will be club members present from Temple, Waco, Belton and other towns. Guests from Rockdale will be present.

It will be one of the most elaborate entertainments the club has sponsored here.

Cameron State Bank Has Good Statement

A fine showing is made by the Cameron State Bank in its statement as published in this issue of The Herald.

With nearly seven hundred thousand in resources the bank showing is in keeping with the prosperity of the times. The total deposits amount to \$551,310.93.

This bank along with other Cameron banks are showing to fine advantage in their statements issued as of October 10, 1928 and the showings indicate a renewed prosperity and financial stability for the community.

Texas State Bank in Fine Showing With Published Statement

The statement of the Texas State Bank and Trust Company, the youngest Cameron bank will be found in this issue.

The statement issued by H. M. Hefley, president and A. K. Gurecky, cashier shows the condition of this bank to be excellent and denotes a splendid growth, so much so that the bank is rapidly taking its place among strong banks of the county.

The bank has nearly \$300,000 on deposit and with other features of its statement denoting strength and progress. The officers and directors of this bank as well as depositors are well pleased with the showing.

L. L. BRADBURY DIES IN FRANKLIN HOME

FATHER OF CAMERON BUSINESS
MAN AND PIONEER IS
BURIED

L. L. Bradbury, 71, pioneer resident of Franklin in Robertson county and father of C. W. Bradbury of Cameron, was buried in Franklin Wednesday afternoon. He died at the family residence there on Tuesday following a long period of illness.

L. L. Bradbury was a native of Texas having been born at Montgomery, Texas in 1856. He moved to Franklin when a young man and had spent a busy, active life there as a leading citizen and business man. At the time of his death he was postmaster at Franklin.

Mr. Bradbury had visited his son here on several occasions and had many friends here. He was a member of the Baptist church and had served his church for many years as a deacon.

The funeral service was held Wednesday afternoon with the local pastor conducting the services.

Those who attended from Cameron are Mr. and Mrs. Wm. Henderson, Mr. and Mrs. Grady Stidham, Mr. and Mrs. Roy Law, H. N. Black, E. S. Hutcherson and Miss Lucy Bauer.

The Herald extends its sympathy to the bereaved family in their sad loss.

SPEEDING CASE HERE TO TEST NEW LAW

DEFENDANT LOSES IN COUNTY
COURT—SAYS OFFICER NOT
IN UNIFORM

The case of State of Texas vs. Elmer Lewis for speeding was tried in the County Court Tuesday.

This was an appeal case from the Corporation Court of the City of Cameron and the defendant claimed that he was not legally arrested because the City Marshall, B. Slocomb who made the arrest was not clothed in the uniform required by the new law and refused to enter a plea. The court ruled that by filing his appeal bond that he was properly before the court. A jury was chosen and after the evidence a verdict was rendered

SAM HEFLEY TALKS TO AL SMITH IN NEW YORK

TEXAS LEGISLATOR SAYS GOV.
ERNOR IS SURE TO GET NOMINATION AND ELECTION

Representative Sam Hefley, member of the Texas Motion Picture Owners Association, is back in Cameron from two weeks stay in New York where he attended a two day meeting of the Federal Trade Commission.

Mr. Hefley went to Albany to see Governor Al Smith and returns to Cameron much stronger in his convictions that the popular empire state executive will not only get the democratic nomination but will be elected president.

"Everywhere there is wide spread approval of the candidacy of Al Smith," said Mr. Hefley. "I not only expect him to get the Democratic nomination but feel certain of his election as president."

Mr. Hefley called on the Governor at Albany, talking to him for about ten minutes, declaring Mr. Smith to have an irresistible personality and a handshake to inspire confidence and makes votes.

While in New York Mr. Hefley also called on Jimmy Walker, the mayor.

Mr. Hefley is an original Al Smith man and says beyond question he is the outstanding man of his party.

Poole and Schneck In Cameron for Week's Engagement Program

The Poole and Schneck shows are in Cameron. The shows opened here Monday for a week's engagement and to exhibit here during the three days of the American Legion.

No Legion programs will be held at night, the performances being held in the afternoon.

The shows have a large number of attractions and many people have been visiting the places of interest. The advance men of the shows distributed 25,000 free passes printed in the office of The Herald.

against the defendant, assessing a fine of \$5.00. The defendant gave notice of appeal and the case will be followed with a great deal of interest as the validity of the new statute will be involved in the appeal.

Cheeves Bros. Sale Big Success Here

The money spending at Cheeves Bros., the sale announced last week has brought many people to Cameron and a great number to the store where the goods are being sold from a well selected stock of fall and winter goods at prices that are very low.

Mr. McIntosh declares the event is a success and his store has been crowded with purchasers making fall and winter shopping profitable.

The big sale will continue for some time.

CITY COUNCIL WILL MEET AGAIN OCT. 28

TO RECEIVE BIDS ON STREET
TOPPING AND PLAN FOR
IMPROVEMENTS

The City Council adjourned until Friday morning at ten o'clock October 28 at its meeting Tuesday night.

The adjournment was taken in order to consider the bids for street topping advertised for by the council. The bids will be received and the engineer will be asked to check them and the council will meet again at night to go over the bids and accept or reject as it seems fit.

No business of consequence save sanitary matters was discussed Tuesday night. The services of R. G. E. Sutton have been retained for another three months pending the development of the sanitary funds.

The city has found to its approval that already sufficient funds have been obtained to defray expenses of the work and the council faces the next quarter with hopes of greater revenues and greater work. All funds expended for sanitary work are obtained from sources outside the tax levies, the council desiring to relieve the treasury of any additional burdens.

The work of Dr. Sutton has been satisfactory. He has been active in dairy inspection, mosquito work, malaria control, meat inspection and general sanitation. As the work progresses the results will be more pronounced.

At the meeting here next Friday night October 28 the city hopes to obtain a figure on the street topping as well as a contract that will enable the council to go ahead with the work.

Three Days One Cent Sale at New Cameron

Thursday the New Cameron Drug Company began a three day Rexall one cent sale. Joe Denson, manager of the store said that he did not know how long the goods will last but anticipates brisk buying.

Many of the items are so attractive that they will be taken up readily, especially the food products. All items are bargains and their sale closing Saturday will see a great volume of goods taken by the people.

Can't Paint a House With Applesauce is Paint Store Slogan

"You can't paint a house with applesauce," says a headline in the advertisement in this issue written by Rush A. Thomas for the Geo. A. Thomas and Sons Drug store extolling Sherwin-Williams paint which the store has sold for many years.

The store has a large stock of paint and the ad tells of the quality of it.

Cameron Furniture In Big Sales Campaign

The Cameron Furniture Company announcing a fall opening here last week continue their campaign for some weeks to come with additional advertising and prices.

The stock is the largest and best seen in Cameron in many years and the prices compare with the 1913 quotations.

Already this store has sold a large amount of merchandise and the people are taking care not to overlook the big stock.

COWBOYS IN FLAMING SHIRTS STORM TOWN

MANAGER MACK AKERS LOOKS
FOR BIG SUCCESS IN 3
DAY PROGRAM

Cameron's annual three day Rodeo and far west exposition opened at Lawless Green field at 2:30 Thursday afternoon.

Cowboys in flaming shirts, rakish boots and spurs, with their sun tanned faces, have captured the city for three days and will hold undisputed sway with their daring program of far west antics in the arena of lurid western drama Thursday, Friday and Saturday.

The big rodeo program opened at 2:30 this afternoon with a large crowd of spectators and entrants for the money in the various events.

Manager Claud Akers, booted and spurred, rides head on the lively bunch of cowboys and contestants, and expects the 1927 rodeo to be the most successful in the history of the city.

All performances of the rodeo program are held beginning at 2:30 in the afternoon preceded by a grand street parade at 9:30 each morning.

A feature of the rodeo is the presentation of the George Koy string of rodeo stock, said to be one of the best strings ever brought into a rodeo arena or found on the ranges of the west. There are some unusual outlaw horses and a big attraction is the noted Red Tate bull, no one has yet been able to contest and \$100 is offered during this rodeo program for anyone who will contest him.

The following program and events will be observed each day for the entertainment of the people:

Grand street parade at 9:30 a. m. each day.

Event No. 1—Comboy championship calf roping contest, prize money each day to be divided 50, 30 and 20.

Event No. 2—Wild Brahma steer riding contest.

Event No. 3—Wild cow milking contest.

Event No. 4—Bronc riding contest. Among these noted horses are such as 'Caramation,' 'Sham Battle' and other horses of this class.

Event No. 5—Tie down calf roping contest. Prize money each day to be divided 50, 30 and 20.

Event No. 6—Bulldogging wild steers. A very dangerous and thrilling event.

Event No. 7—\$100.00 Reward. The famous Red Tate Bull will be ridden at each performance. \$100 prize offered to anyone riding him, contest rules.

All contestants in the rodeo, ropers and riders should take part in the Grand Parade at 9:30 a. m. each day.

The famous Geo. Koy string of rodeo stock including some of the most famous horses and Brahma steers ever gathered under rodeo performance.

As an added attraction for the entire week, the Poole and Schneck line of shows. Twelve shows and six riding devices.

All contestants and spectators are taking their own risk. The American Legion or no one else is responsible for any accident or injury.

Under auspices of the American Legion, admission charges 50c and 25c. For further information call H. M. Akers, Manager, Cameron, Texas.

Knights Initiate 5 In Rank of Knight

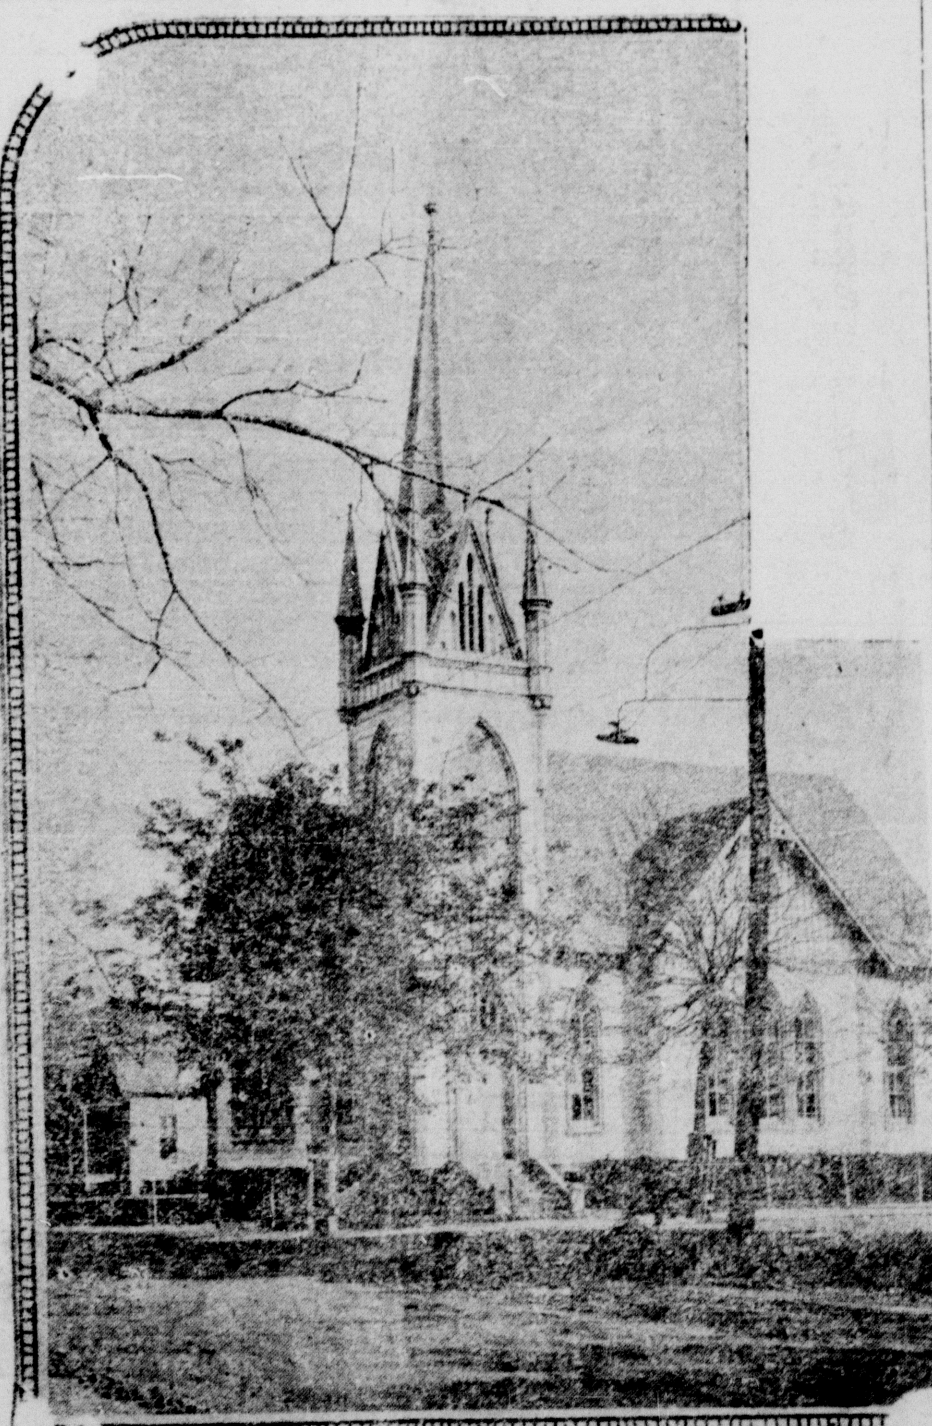

The Knights of Pythias in their work for the fall and winter to initiate the large class of nearly 50 members whose applications were taken in the recent canvas, completed the initiation of five last Monday night.

Next Monday night the lodge will confer the rank of Esquire on a number of candidates.

S. M. Burns Up

S. M. Burns, attorney, was in the city this morning from his home. Mr. Burns has been ill for more than a month and his many friends are pleased to note that he is again at his office and ready to attend to his practice.

Mr. Burns asks his friends to again call him for while not fully recovered as to strength, with careful dieting he will recover his health.

The present building of the First Presbyterian Church which is soon to be vacated for the new building. Note the spire and fine old architecture of this building, the oldest church building in Cameron.

COMMERCIAL CLUB IN BUSY SESSION HERE

PROGRAM FOR CITY'S DEVELOPMENT OUTLINED AT MEETING HERE

The Commercial Club held a busy session Monday night with F. J. Beckerman, president, presiding and secretary Wm. Cobb, taking over the office of secretary.

Based on a previous suggestion of John C. Young of the Texas Power & Light Company, each member present presented some suggestion for a program of things the club should attempt to accomplish in the succeeding term. A number of practical accomplishments were outlined and the discussion of them led the club into a long session and it was necessary to adjourn until the next meeting to complete discussion of the plans.

Mr. Beckerman as president has asked the co-operation of the directors and the members that the things the club should do for Cameron be accomplished in this term.

Suggestions made by the members are as follows:

Roll call showed the following named officers and directors present: F. J. Beckerman; F. S. Lesovsky, W. M. Cobb, J. W. Coleman, Dr. Jas. Watson, J. D. Dobbins, C. S. Peyton, W. R. Hoover, B. V. Shelly, W. H. Shipp, Drayton McLane, J. C. Young and T. A. Fisher.

Minutes of meeting held October tenth was read and approved.

Rev. Bruce O. Power pastor of the First Methodist church was introduced and made an interesting talk on Commercial Club work.

He referred to a fact of particular interest concerning county fairs. He stated that Kaufman, within thirty miles of Dallas, where they have the greatest State Fair, maintains a successful county fair, which is a very valuable adjunct to the county agriculture.

Mr. Power urged that the club cultivate a friendly feeling between the city and the country and advertise Cameron's advantages as a market place, and if possible, arrange to be in position to buy everything in the line of farm products that the farmers have to sell.

At the conclusion of his address, upon motion of Dr. Jas. Watson, Mr. Power was elected an honorary member of the Commercial Club.

In answer to the request that all directors bring one or more suggestions for action of the club during the ensuing term, the following were turned in:

By T. A. Fisher:-

1. A drive to increase membership and a fair assessment of dues, according to ability to pay, with the view of employing a full time secretary.

2. A marketing association.

3. A new hotel for Cameron.

By F. S. Lesovsky:-

1. Build a hotel.

2. Reroute the rural routes.

3. Organize a county fair.

4. Build a creamery.

A summary of all the suggestions turned in is as follows:

1. Hotel—suggested by five directors.

2. Fair Association—suggested by three directors.

3. Reroute R. F. D. routes—suggested by three directors.

4. A market place—suggested by three directors.

5. Trades Extension Campaign.

6. Five year farm program.

7. Full time paid secretary.

8. Promote community planting of one variety of cotton.

9. Trades Days, monthly.

10. Lights on Court House.

11. Pickle plant.

12. Canning factory.

13. Rat killing drive.

14. Have streets marked.

15. Rest room for negro women.

16. Public drinking fountain.

17. Stop jay-walking.

18. Creamery.

C. S. Peyton moved that the secretary make a summary of the suggestions and report at next meeting, so that the directors may, by a process of elimination, decide upon which projects the club will adopt into their program for the year, the motion prevailed.

Maysfield News

Miscellaneous Shower

The beautiful home of Mrs. H. L. Yager was opened to 75 guests Oct. 17 complimenting Miss Marguerite McCulloch. Yellow and green were the color scheme chosen for this occasion; with Halloween so near of course the black cat for luck and the owl for wisdom with the beautiful yellow cosmos were artistically arranged throughout the home. Music by Mrs. R. B. Mayes and a contest of wishes were very much enjoyed. Then Mrs. H. W. Massengale in her charming

way presented the bride-elect a pumpkin filled with cooking utensils, silver, linen, 52 piece set of China and everything dear to a bride to be. Miss McCulloch in response said 'Ladies I'm overcome with joy for the beautiful things given, that words are too inadequate to express my sincere thanks to you. But of all the pumpkins large or small I've found this one the best of all.'

Having seen the many pretty and useful presents Mesdames Yager, and Massengale served a delicious salad course consisting of fruit salad, cheese balls, chicken sandwiches, olives and hot chocolate. Expressions of pleasure attest the enjoyable evening in this home for Mesdames Massengale and Yager are ideal hostesses.

While exploring the lofty Ruwenzori Mountain range in Africa, Doctor James P. Chapin and D. L. Sage of the American Museum of Natural History found glaciers within fifty miles of the Equator.

Poole and Schneck In Cameron for Week's Engagement Program

The Poole and Schneck shows are in Cameron. The shows opened here Monday for a week's engagement and to exhibit here during the three days rodeo of the American Legion.

No Legion programs will be held at night, the performances being held in the afternoon.

The shows have a large number of attractions and many people have been visiting the places of interest. The advance men of the shows distributed 25,000 free passes printed in the office of The Herald.

Among the quaint wedding customs still observed in parts of the British Isles is the practice of tying a basket of stones on the bridegroom's back with a rope which the bride cuts, symbolic relieving him of his burdens.

Auction 42 Part I

The auction 42 club had its meeting this week with Mrs. Hayden Lawrence. Invitations were received last week by members and a few friends to come to a circus at 3:30 o'clock on the Hayden Lawrence lot. Two little clowns in bright suits with caps to match met the guests at the door. The clowns proved to be little Lucille McDermott, youngest daughter of Mr. and Mrs. Charlie McDermott and little Mary Katherine, a daughter of the house. The guests were then ushered into the hall to view the many animals of the menagerie. After enjoying this part of the program guests were served hamburgers and coffee in the dining room. The dining room and living room were made to look like a circus by use of many animals and balloons dangling about.

Tally cards and score pads were in keeping with the circus idea as were the scores for the games were animal stickers. After several games of auction 42 the hostess assisted by Miss Sallie Kate McLane served cream topped

ped with cherry and cake iced and decorated with elephants on bamboo trays. Each guest was given an elephant penn bank with a note attached admonishing each to save money for the real circus to be here soon. During the games the little clowns served peanuts. Guests other than club members were Mesdames John and Wiley Mangum, Jas. Coleman and Eugene Green.

Revival at Milano

Old Time Gospel Revival at Milano is continuing with a great degree of success. Those attending are being blessed and much good is being done. Services will continue nightly through October and are conducted by the Pentecostal Assemblies of God.

An applicant has to wait ten to fifteen years to have a telephone installed in Japan, so far is the telephone system in arrears. Parents often apply, as a means of investment, for an instrument in the name of their children.

TO THE WOMEN OF CAMERON

I am inserting this notice in the columns of The Herald to further show my appreciation for the co-operation that has been extended me during the brief time I have been editing the social and personal news and to ask for a continued co-operation in the future that I may give the most efficient service possible in writing the news of interest about Cameron people and their interests.

The home paper should come first for in it we have the medium for community expression. The home paper understands local problems and is always ready and willing to protect the interests of Cameron and her merchants and people. Papers not published here can have only a selfish interest in what they do toward printing social and other news from Cameron. Their circulation here is for the benefit of merchandising elsewhere and Cameron people while they may appreciate the courtesies extended, are not willing to lend their co-operation to destroy Cameron interests.

We strive for accuracy in our reports, to get names and details correct and to give you the best possible representation in the social columns and in doing this we feel that the women of Cameron will lend their co-operation that the home papers may give the news of their city as a preferred medium over outside competition.

Very respectfully,
Mrs. J. B. White.

Surprise Party

Last Saturday afternoon friends of Mrs. J. H. Du Bois surprised her with a few little gifts on the occasion of her birthday. Each wishing for her many more happy birthdays and happy days among her friends. Her husband and children, Miss Bess of Sherman and Mrs. Wilson Gunn of Houston also remembered her with lovely gifts.

If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness. Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

MRS. AUGUSTA ANTONY DIES IN DALLAS HOME

WIFE OF FORMER CONGRESSMAN AND RESIDENT OF CAMERON PASSES AWAY

Dallas, Tex., Oct. 18.—Mrs. Augusta Antony, 72, writer and widow of the late Congressman E. L. Antony died unexpectedly Tuesday at her home here.

Mrs. Sam Hefley received a telegram here early Tuesday from the family in Dallas conveying the news of the death of Mrs. Antony. Mr. and Mrs. Hefley long time friends of the family, are sincerely grieved to hear of the passing of this noted woman and friend.

Before her marriage Mrs. Antony was Miss Augusta Houghton. After her marriage to Hon. E. L. Antony they lived at Rockdale and later moved to Cameron where Mr. Antony was a prominent member of the bar.

Many of the older residents of Cameron will recall with pleasant recollection the residence here of this distinguished family and will learn with regret and genuine sorrow the passing of Mrs. Antony.

Hon. E. L. Antony besides his distinguished membership in the local bar took an interest in political affairs and was elected to succeed R. Q. Mills in Congress.

Surviving in the family are two daughters, Alice and Beryl, both of whom are married.

The following is taken from the Dallas News of Thursday.

Mrs. Augusta Antony, 72, writer and widow of the late Congressman E. L. Antony, died suddenly Tuesday morning at her home, 3415 Harvard Avenue. She is survived by two daughters, Mrs. J. A. Brown of Chattanooga, Tenn., and Miss Beryl Antony of Dallas; three sisters, Mrs. L. C. McBride and Mrs. H. R. McInnis of Dallas and Mrs. James Slack of Menard; and a brother, J. Houghton of Dallas.

Mrs. Antony the daughter of Judge J. A. Houghton, was born in Georgetown in August 1855. She was married in Marion county in 1876 and moved to Dallas in 1910.

Penwomen's Club, the Texas Poetry Club, the Writers' Club and the Lawyers Wives' Club. Her last piece of writing was a poem in tribute to the late Mrs. J. C. Muse. She was a member also of the First Baptist church.

Funeral services will be held Thursday at the home of her sister, Mrs. McBride. The time has not been set.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

Within two mausoleums in the ruins of the ancient city of Uzghent in Central Asia the natives, believing that two holy brothers are buried there, keep candles constantly burning.

The Sunflower Girl of WBAP at Fort Worth now sings, "You Went Away Too Far and Stayed Away Too Long" on Columbia Records. Now on sale at the Cameron Furniture Co.

DR. W. B. CALDWELL
AT THE AGE OF 83

Women Need
a Mild Laxative
—Not a "Physic"

Countless girls and women now know how foolish and needless it is to "purge" and "physic" themselves to avoid sick headache, dizziness, biliousness, sallow skin, colds, or sour, gassy stomach.

They have found that Dr. Caldwell's Syrup Pepsin helps to establish natural bowel "regularity" even for those heretofore chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens or upsets the most delicate girl or woman. Besides, it is absolutely harmless and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.

Dr. Caldwell's SYRUP PEPSIN

YOU PAY FOR AN EDUCATION WHETHER YOU GET IT OR NOT

Every young man or woman who fails to get a business training PAYS for it in uncertainty of employment, lower wages and lack of opportunity for advancement.

All down through life they continue to pay this price. Decide NOW to take a thorough business training during the next few months in Tyler Commercial College, America's largest business training school. By the first of the year you will be ready to step into a good paying position.

Send for large book, "Achieving Success in Business." It's absolutely FREE.

We have no branch schools.

THE TEMPLE TELEGRAM

The Herald notes that the Temple Telegram has established a bureau here to conduct a daily news mention from Cameron and also to take advertising from local merchants or anyone who desires to advertise in the Telegram.

The Herald is not opposed to equal opportunities and equal privileges to all and believes the Temple Telegram has the right to come into Cameron and take business to Temple but wonders how it would be if The Herald should establish a bureau in Temple to bring business to Cameron. How would the merchants of Temple look upon such a procedure?

Without any desire to unfairly treat anyone and in the spirit of good will we call attention to the fact that it is our opinion that the Temple Telegram is not interested in Cameron but hopes to build a circulation here to draw trade to Temple. Cameron merchants who send their printing and advertising away and all who lend their co-operation to such a plan are not serving the best interests of Cameron.

We have no quarrel with Temple or the Telegram. Certainly we want good feelings and good relations but the circulation in Cameron of the Telegram is for reasons probably not understood by the people here.

The same method has been pursued in Belton for years. Temple merchants have taken Belton's trade. Already Temple is getting trade from Cameron and the Telegram is the medium of appeal. The Herald does not overlook the fact that Daily Newspapers are necessary and people want them and they give news in advance of weekly papers.

Let the Telegram build a plant in Cameron, maintain a pay roll and help build Cameron. Cameron newspapers help build Cameron. They are friendly to Temple and other towns but they believe Cameron is the place for Cameron money.

We have no objection to circulation here so long as it does not take business to Temple.

SAFETY ON HIGHWAYS PERSONAL MATTER

For the first seven months of 1927, 11,448 automobile deaths were recorded in Our Country, a gain of 418 over the same period last year. The total may reach 25,000 before the year passes.

Stringent licensing of drivers, with cancella-

tion of driver's permit for careless or dangerous operation of automobiles, would help greatly in reducing the number of automobile accidents and deaths. It would cost nothing at all, compared with compulsory automobile liability insurance, which is being advocated all over the nation, and would go far toward alleviating the necessity for such insurance—if such necessity may be said to exist at all.

Making it a prison offense to drive without a license, or after a license is revoked, as it is an offense to have burglar tools or explosives, would do what compulsory automobile liability insurance could not possibly do—it would enforce personal cooperation and responsibility; without which there is no safety.

WHAT MORE COULD THEY ASK

Loading up several ships with malcontents and radical extremists, the President of Chile sent them to an island in the Pacific with his good wishes and his hopes that they might work out a civilization to their own liking.

Out there they can throw bombs, they can engage in any violence or do any of the stunts which they were carrying on in Chile.

If they object to established institutions in their own island bailiwick it will be their right to bomb them. Whatever is wrong in the conduct of affairs, they can demolish with torch and blasting powder.

Being of like minds, they can apply their philosophy of violence without challenge from those who believe in governments, laws and established authority. It is their island, and there will be no capitalistic hand to wrong them or oppose them or humiliate them.

If they believe in the torch and the infernal machine and violence, why should they not on their own island domain pursue liberty as they see it, and shoot up the town or blow up the banks or burn up all the temples of authority? If with them the bomb is preferable as an instrument of freedom to the ballot box, it will be theirs, if they so will, to bomb the ballot boxes. If a written constitution is the concoction of capitalism, they can spurn it or blow it into fragments and perdition with injury to no emissary of the capitalistic class.

Out there in the Pacific, where the ocean surf sings the song of liberty on their own island, they can carry out their inalienable rights and every man be vouchsafed life, liberty and the pursuit of happiness, as he sees them.—Portland, Oregon, Daily Journal.

(Rockdale Reporter)

Cameron city officials are going right ahead with their plans to pave 150 blocks in the residential section of that city, the necessary ordinances having been passed last week. The type of paving will be a two-course "inverted penetration" topping, with 90 per cent asphalt oil, similar to the character of paving done during recent years by the State Highway Commission. It is estimated that in Cameron this type of paving can be laid for an expense of not more than \$250 per block, or an individual expense of approximately \$50 for each property owner involved. The paving will be paid for on the basis of one-third of the entire cost by the city, two-thirds by the property owners. The engineer estimates the cost to property owners at 60 cents per front foot. Such a paving program in Rockdale would cost the property owners a little more, inasmuch as our streets are wider than Cameron's, but if the above figures are correct the cost to Rockdale citizens should not be over \$1 per front foot, and at such a price it occurs to Reporter that 95 per cent of our citizens would be willing to join in a movement to pave our streets. The Rockdale City Council went on record last year as being willing to undertake a paving program in co-operation with property owners, and Reporter is convinced that all that is necessary to get a paving project under way is for a group of property owners to organize and start the work of signing up the necessary agreements. Dr. H. T. Coulter wants to see a sample block of this type of paving laid in the business district, and is now engaged in the good work of getting the property owners to sign up on that block of Main street lying between Cameron and Bell streets. Reporter understands that Coulter has been assured of the co-operation of the City Council in this work on the one-third basis. Reporter maintains that it is high time Rockdale was doing some paving. Why wait any longer? Sooner or later we've got to have it, and the cost will get no cheaper. What public spirited citizen will take the lead in this matter?

PUBLIC UTILITIES REGULATORY BODIES CONVENE AT DALLAS

Walter S. Gifford, Bell System Head, Addresses Meeting.

DALLAS, TEXAS.—John J. Esch, chairman of the Interstate Commerce Commission; W. W. Atterbury, presi-

WALTER S. GIFFORD, 42-Year-Old President of Bell System, Addressed Convention of National Association of Railroad and Utilities Commissioners in Dallas, October 20.

dent of the Pennsylvania Railroad, and Walter S. Gifford, president of the American Telephone and Telegraph Company, were among the utility men present at a luncheon given at the Adolphus Hotel on the occasion of the annual meeting of the National Association of Railroad and Utilities Commissioners.

One of the principal speeches at the luncheon was the address of President Gifford of the American Telephone and Telegraph Company. His speech, in part, was:

"Broadly considered, you, as Public Utility Commissioners, are engaged in a common enterprise; our success must depend upon mutual confidence and understanding. In the current performance of our daily tasks it is possible to lose sight of the ultimate aim and goal of our endeavors. With the thought in mind that it may prove helpful, I wish to state very briefly the principles that guide the management of the Bell System.

420,000 Stockholders

"There are today over 420,000 stockholders of the American Telephone and Telegraph Company, and no one of them owns as much as one per cent of the capital stock. The business of this Company and its Associated Bell Telephone Companies, whose common stock is largely owned by this Company, is to furnish telephone service to the nation. This business from its very

nature is carried on without competition in the usual sense.

"These facts have a most important bearing on the policy that must be followed by the management if it lives up to its responsibilities. The fact that the ownership is so widespread and diffused imposes an unusual obligation on the management to see to it that the savings of these hundreds of thousands of people are secure and remain so. The fact that the responsibility for such a large part of the entire telephone service of the country rests solely upon this Company and its Associated Companies also imposes on the management an unusual obligation to the public to see to it that the service shall at all times be adequate, dependable and satisfactory to the user. Obviously, the only sound policy that will meet these obligations is to continue to furnish the best possible telephone service at the lowest cost consistent with financial safety. This policy is bound to succeed in the long run and there is no justification for acting otherwise than for the long run.

"It follows that there is not only no incentive but it would be contrary to sound policy for the management to earn speculative or large profits for distribution as 'dividends' or extra dividends. On the other hand, payments to stockholders limited to reasonable regular dividends with their right, as the business requires new money from time to time, to make further investments on favorable terms, are to the interest both of the telephone users and of the stockholders.

Spirit of Service

"Undoubtedly a very great factor in the continued progress and improvement of telephone service is the intangible but quite real spirit of service that has become a tradition in the telephone business. It is fundamental in our plan of organization to have at headquarters and in our laboratories several thousand people whose sole job it is to work for improvement. They are engaged in studying what is used in the telephone business and how it is used and endeavor to find a better thing or a better way. Of course, the people who are engaged day by day in trying to maintain a high standard of telephone service are doing their part, and a most important part, in increasing the quality and keeping down the cost of service, but progress is assured by having a large group of scientists and experts devoted exclusively to seeking ways and means of making the service better and cheaper.

"It is now nearly 20 years since the State Commissions generally took over the duties of regulating the telephone companies. During those 20 years the physical results of your regulation and our operation are impressive. In 1907 there were about 6,000,000 telephones in the United States, but they were only partially interconnected, while today there are over 18,000,000 telephones in the United States so interconnected that it is possible for practically any one of the 18,000,000 to be connected with any one of the 18,000,000. Thus today, practically any one anywhere can talk by telephone with any one else, anywhere else in the country. Moreover, anyone in the United States can now converse by telephone with anyone in Great Britain, Canada, Cuba and the principal cities of Mexico."

More Contributions To Football Fund

Following is a list of these contributing to the Yoe High School Football fund since last week.

Cameron Machine Shop	\$5.00
Mondrik Bros.	\$5.00
August G. Kuntz	\$2.00
J. T. Parma	\$2.50
Cash	50c
Con Miller	\$1.00
Duke and Ayres	\$5.00
Bob Dyer	\$2.00
J. C. Martin	\$1.00
Leo Laake	\$1.00
D. B. Gunn	\$1.00

The total amount contributed to date is \$374.00.

The underwater experiments with radio attempted by hydrography and topography experts of the United States Coast and Geodetic Survey were futile because of the noise made by oysters opening and shutting their shells covered mouths.

Rev. Gus Ramsage was a guest of Rev. and Mrs. Wallace Jones last week end and spoke the Christian congregation on "Worshipping God." He is interested in building a University church at T. C. U. in Ft. Worth. This would prove valuable to the people who attend the school.

Four presidents of the United States have visited Yellowstone National Park. They were Presidents Arthur, Roosevelt, Harding and Coolidge.

Emel Pfardrescher is reported recovering from severe injuries received in an accident on Little River Bridge noon when a car driven by two negroes hit a mule he was riding knocking Mr. Pfardrescher to the floor and almost killing the mule. The negroes giving their address at Temple and claiming to be employed in the round house at Temple, tried to escape, it is said from a number who witnessed the accident and tried to stop the negroes. Deputies Will Vaughn and Guy Pope from the office of the sheriff arrested the negroes who are now in jail awaiting charges to be filed.

The stones intended to be used in the making of weapons were kept in camp soil by the Indians, not to hide them as is sometimes supposed, but to keep them evenly tempered.

Santa Fe Purchases Promote Prosperity

WHILE the Santa Fe is itself a large employer of labor—its payroll in 1926 totalled \$107,000,000, and its employes number more than 75,000—indirectly as a buyer of materials and supplies it helps to furnish employment to many more. Such purchases last year exceeded \$64,000,000. In addition it bought over \$12,000,000 of new cars and locomotives.

Its largest class of material was fuel, which totalled \$24,360,000. This consisted of about 2,267,000 tons of coal, and 507,800,000 gallons of fuel oil. The use of coal or oil on any division is determined primarily by which is the cheaper fuel in that locality.

The second largest class of purchases was iron and steel products, for which the expenditure was approximately \$19,750,000. This included an expenditure of \$9,500,000 for 152,700 tons of rail, frogs, switches, and fastenings. \$1,500,000 went for wheels, axles, and tires, and \$306,000 for flues and tubes for locomotives. Bridges, turntables, structural steel, forgings, and fabricated, unfabricated, and pressed steel took nearly \$3,000,000. Steel and iron are basic necessities in railroading.

Purchases of forest products totalled \$6,412,000, which included over 3,000,000 cross ties, and large quantities of lumber and timbers. The Santa Fe creosotes its ties and much of its timbers, otherwise greater quantities would be needed each year.

Folders, report blanks, notices, tickets, tariffs, and various items in the stationery line required \$1,225,000, electrical materials \$660,000, lubricating oil and grease, illuminating oils, waste, etc., \$1,180,000, and air brake material \$617,600.

These purchases were necessary to maintain the railroad properly and to give satisfactory service to the public. They were covered by 130,000 invoices and were made from 3,347 individuals and firms. Note the wide spread of this buying.

Thus the Santa Fe and all railroads are an important factor in maintaining the prosperity of our country through the employment arising from these large purchases of supplies, as well as the millions directly disbursed among their own employes for services.

When the railroads are doing well, they buy materials and supplies on a larger scale than when net revenues fall off. Money thus spent mainly pays for the labor of many persons, helping merchants, farmers, everybody—your own community included. You therefore are vitally interested.

Wash Kidneys If They Hurt

Take Salts to flush Kidneys if
Back pains or Bladder
bothers.

Flush your kidneys with salts occasionally, says a noted authority, who tells us that too much meat and rich food may form uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acids of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys; also to neutralize the acids in urine so it no longer irritates, thus often ending bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia water drink.

Local and Personal

Mrs. Tom Henderson who has spent the summer with her parents at Mt. Clement, Mich., returned home last week.

Misses Katherine, Helen and Harriet Elinn, Mrs. Eber Flinn and Mrs. Bertha Brewer were in Temple Friday to see the football game.

Miss Bill Fontaine of Jones Prairie spent Saturday with friends here.

Miss Peterson of the Ada Henderson school faculty has been at home with a sprained ankle but is better now.

Mr. and Mrs. Louis Pearce of Houston visited in the home of their cousin Mrs. Leland Green last Friday. They were accompanied by Mrs. Green's mother, Mrs. J. P. Gott of Marlin.

Mr. Pearce is a Milam County boy having been reared near Rockdale. He has been in Houston for the past 25 years and for the last few years has owned and operated the Texas Iron works. He visits here every summer and is always glad to come back to his native county.

Miss Mary Lake Henderson, sponsor of the Yoe High History Club and members spent Wednesday at A. & M. College, studying and viewing prehistoric material of collections mentioned by Dr. Francis. They enjoyed the day, also visiting all the departments of A. & M. College. Miss Beth Jeter and Mrs. Don Slocumb accompanied them.

Miss Frances Hause of Baylor College was here this week end with her parents Mr. and Mrs. John Hause.

Mr. and Mrs. H. N. McCutchen of Waco were guests Sunday in the home of Mr. and Mrs. Strange.

Mrs. Joe Denson visited Mrs. Watt Skinner in Rogers Thursday.

Novelty gift items on display at—
R. H. Johnson Jewelry Store 24-St

Friends of Little Katherine Green, daughter of Mr. and Mrs. Leland Green will be pleased to know that she has completely recovered from the blood poison in her eye for which she has been treated for three months. They have discontinued the treatments in the Temple sanitarium.

Mrs. Leland Green spent Tuesday in Temple where she carried little Katherine for treatment.

Mrs. Philip Reid is spending this week in Waco with her mother, Mrs. M. L. Whitaker.

Mrs. R. McCleod is spending a part of this week in Morgan with her mother.

Mr. and Mrs. Andrew Esslinger have apartments in the Kristoff home.

Mrs. John Perry has returned from an extended visit to California.

Mrs. Billie Miller of Independence, Kansas, has returned home after visiting in the home of her husband's brother, Mr. and Mrs. Bert Miller.

Mrs. W. R. Hoover and Mrs. Arthur Kruse spent Wednesday in Waco.

Semi Smith son of Mr. and Mrs. Charlie Smith is much improved after an attack of diphtheria. He is up now and will soon be back in school.

Mr. J. C. Tucker and Mr. Wm. Cobb were among the Dallas Fair visitors last week end.

Miss Delphya Scott spent last week end in Dallas enjoying the fair.

Mrs. John Watson has returned from a visit with her daughter, Mrs. Donald C. Kilgore of Dallas.

Mrs. Roy Epperson of Houston is the house guest of Mrs. F. C. Fahrendorf.

Miss Elizabeth Rischer of Quincy, Ill., has returned to Corsicana to conclude her visit. She was the guest of Mrs. F. C. Fahrendorf while here to attend the Johnson-Lothschuetz wedding.

Miss Mozelle Bigbee was home for the week end from State. She is delighted with her work this year.

Mrs. Mary Carpenter of Belton was in Cameron visiting this week in the home of her daughter, Mrs. M. M. Johnson.

Miss Sylvia Smith of Waco spent this week end with her friends, Miss Callie Heath and Miss Vivian Lamkin.

Quay House and Curtis Smith of Waco spent last week end in Cameron with relatives and friends.

Mr. L. R. Cobb of Mexia spent one day last week with his aunt, Miss Mollie Allen. While here they motored over to Rockdale.

J. P. Hefti of Maysfield was in Cameron Tuesday and was a caller at the office of The Herald. Mr. Hefti has been a reader of the Herald for many years. He is a successful truck farmer and fruit grower in the Maysfield community but his efforts this year did not yield a great return. His sweet potato crop is fair but he only raised two bales of cotton.

Earl L. Smith of Waco, agent for the Pioneer Building & Loan Association, was in Cameron Tuesday in the interest of the Waco Association. The company is preparing to interest Cameron in its activities and it is understood has placed a local agent as well as securing a number to act on the advisory board for the city.

Logan Green of the Green Produce Company, has returned from Dallas where he went to attend the Dallas Fair and to transact business for his firm.

Hand painted tinted glass novelties 50c up at R. H. Johnson Jewelry Store. 24-St

H. E. Krull from Hanover was in Cameron Monday to place a notice posting his place as well as the places of J. D. Turney and Joe Krull all adjoining on both sides of the Hanover road and the Cannon Snap Creek. The tracts comprise 788 acres and on these lands are some fine pecan timber that has been damaged somewhat by pecan gathering and trespassers.

One of the attractive shopping places of Cameron is the Specialty Shop where Mrs. Hearrell has brought a display of fine new dresses and coats for fall and winter. This shop is attracting a number of people from other places to Cameron.

J. C. Tucker of the Cameron State Bank left Cameron last Friday for Dallas to attend the Dallas Fair for a few days and to visit his parents and relatives at Garland, Texas, where he was born and reared. Mr. Tucker takes an active interest in the exhibits of live stock and agricultural products and seeks to aid the farmers here in a program of diversification and profitable farming.

Mrs. T. N. Randolph and Misses Mary and Lois Visited Mrs. C. E. Porter in Branchville this week.

Mr. W. A. Brede of Dallas spent a few days this week with Mr. and Mrs. Howard Edmiston.

Trade your tires and equip with new rubber from fresh stocks at—

Among the Cameron people attending the Dallas Fair this week end were Mr. Paul Webb, Mr. and Mrs. Alex Triggs and son Billy, Mrs. A. N. Green and Mrs. Vernon Roberts.

Miss Delphya Scott returned to Cameron Monday after a few days visit in Dallas with friends. While there she met some friends of former days. She attended a banquet given by the B. and P. W. of Dallas, also several other luncheons, besides seeing the fair.

Mr. and Mrs. T. A. Howell spent several days last week in Waco with their sons, Jay and Hilton and their families.

Sunday Mr. and Mrs. T. A. Howell spent the day with her brother and family. Mr. Bob Griffith who is very sick. Mr. Griffith once lived in Cameron and was employed by Mr. Tag as a tinner. Mr. and Mrs. Howell also visited Bill Howell and family in Rockdale.

Mr. and Mrs. Lee Clore are the proud parents of a fine new baby girl that arrived Thursday, October 13, 1927. She was named Elenor Louise.

Bracelets in newest designs at—
R. H. Johnson Jewelry Store 24-St

Judge John Watson is holding court in Marlin this week. Judge E. M. Dodson of Marlin is trying some cases here in which Judge Watson was recused.

Giles Summerlin, O. D. Graham and Sam Clement of Thorndale are attending county court this week.

Mr. Thompson Kemp of Lometa is visiting home folks on his return trip from Washington, D. C. He visited the battlefield of Gettysburg where his grandfather, the late Major J. C. Rogers commanded the Fifth Texas.

Mr. and Mrs. Jeff T. Kemp and daughter, Ruth visited the Dallas Fair and while there were the guests of Mr. and Mrs. J. Milton Tucker.

W. M. Cobb was a visitor to the Dallas Fair.

Friends of little Iva Jean Akers will be glad that she is improving after treatment for her ears in Temple. She is the third daughter of Mr. and Mrs. H. M. Akers.

Mr. and Mrs. Bill Alex Bonds have been spending a few days in Dallas.

Mrs. A. N. Green and Eugene and Pauline Green were Dallas visitors last week end.

Miss Mary Donaldson of Rockdale spent Wednesday in the home of Mrs. W. I. Clark.

Mr. Charlie McDermott spent a few days in Dallas at the Fair. He was in company with Mr. Jim Kemp of Dallas who had been here on business.

Miss Agnes Henderson is visiting her sister, Mrs. Boyd Wells in Austin.

Mrs. Kestenbaum entertained again Friday afternoon with 42 for Mrs. L. Kestenbaum. Using the same decorations and offering the same luncheon. Table favors were lovely orange candle sticks in pairs and in the cuts fell to Mrs. Wm. Cobb, Mrs. Fred Cable and Mrs. Roy Baskin. High was awarded Mrs. Joe Denson, a bird vase. Low to Mrs. Cobb, a novelty tray of china.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Drugs Excite the Kidneys, Drink Water

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years
The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK, N.Y.

PUBLIC UTILITIES REGULATORY BODIES CONVENE AT DALLAS

Walter S. Gifford, Bell System Head, Addresses Meeting.

DALLAS, TEXAS.—John J. Esch, Chairman of the Interstate Commerce Commission; W. W. Atterbury, president

WALTER S. GIFFORD, 42-Year-Old President of Bell System, Addressed Convention of National Association of Railroad and Utilities Commissioners in Dallas, October 20.

of the Pennsylvania Railroad, and Walter S. Gifford, president of the American Telephone and Telegraph Company, were among the utility men present at a luncheon given at the McWhorter Hotel on the occasion of the meeting of the National Association of Railroad and Utilities Commissioners.

One of the principal speeches at the convention was the address of President Gifford of the American Telephone and Telegraph Company. His speech, in part, was:

"I am considering you, as Public Utility Commissioners, and we in the telephone business, are engaged in a common enterprise; our success must depend upon mutual confidence and understanding. In the current performance of our daily tasks it is possible to lose sight of the ultimate aim and goal of our endeavors. With the benefit in mind that it may prove helpful, I wish to state very briefly the principles that guide the management of the Bell System.

420,000 Stockholders
There are today over 420,000 stockholders of the American Telephone and Telegraph Company, and no one of them owns as much as one per cent of the capital stock. The business of this company and its associated Bell Telephone Companies, whose common stock is largely owned by this Company, is to furnish telephone service to the nation. This business from its very nature is carried on without competition in the usual sense.

"These facts have a most important bearing on the policy that must be followed by the management if it lives up to its responsibilities. The fact that the ownership is so widespread and diffused imposes an unusual obligation on the management to see to it that the savings of these hundreds of thousands of people are secure and remain so. The fact that the responsibility for such a large part of the entire telephone service of the country rests solely upon this Company and its Associated Companies also imposes on the management an unusual obligation on the public to see to it that the service shall at all times be adequate, dependable and satisfactory to the user. Manifestly, the only sound policy that will meet these obligations is to continue to furnish the best possible telephone service at the lowest cost consistent with financial safety. This policy is bound to succeed in the long run and there is no justification for departing otherwise than for the long run.

"It follows that there is not only no incentive but it would be contrary to sound policy for the management to seek speculative or large profits for distribution as 'bonuses' or extra dividends. On the other hand, payments to stockholders limited to reasonable regular dividends with their right, as the business requires new money from time to time, to make further investments on favorable terms, are to the interest both of the telephone users and of the stockholders.

Spirit of Service
"Undoubtedly a very great factor in the continued progress and improvement of telephone service is the 'spirit of service' but quite real spirit of service that has become a tradition in the telephone business. It is fundamental in our plan of organization to have at headquarters and in our laboratories several thousand people whose sole duty it is to work for improvement. They are engaged in studying what is new in the telephone business and how it may be used and endeavor to find a better way or a better way. Of course, the people who are engaged day by day in the service to maintain a high standard of telephone service are doing their part, and a most important part, in increasing the quality and keeping down the cost of service, but progress is assured by having a large group of scientists and experts devoted exclusively to seeking ways and means of making the service better and cheaper.

"It is now nearly 20 years since the Interstate Commissions generally took over the duties of regulating the telephone companies. During those 20 years the physical results of your regulation and our operation are impressive. In 1907 there were about 6,000,000 telephones in the United States, but they were only partially interconnected, while today there are over 18,000,000 telephones in the United States so interconnected that it is possible for practically any one of the 18,000,000 to be connected with reasonable promptness with any one of the 18,000,000. This today, practically any one anywhere can talk by telephone with any one else, anywhere else in the country. Moreover, anyone in the United States can now converse by telephone with anyone in Great Britain, Canada, Cuba and the Philippines and Mexico."

Missionary Society

The ladies of the Methodist church met in the following homes Monday. Circle one with Mrs. R. A. Tag with twelve present. Mrs. Roy Baskin led the devotional. Mrs. Henry Davis and Mrs. Joe Lindsey led the lesson from "Voice." Hostess served white cake and chocolate. Circle two with Mrs. H. N. Tate with eight present. Mrs. Owen Weems led the devotional. Mrs. Hugo Slaughter with assistance of others led lesson from "Voice." Hostess served heavenly hash, cake and grape juice. Circle three with Mrs. Plaster with twelve present. Mrs. Bob Terry led devotional. Mrs. Pope

Sapp gave interesting talk from leaflets on 'Christian Fellowship.' Circle four with Mrs. Tom Denson with six present. Mrs. W. O. Triggs led the devotional and lesson from 'Voice.' Plans were perfected for a rummage sale to be held Saturday in the Avriett's building. Hostess served hot chocolate and banana pudding. Next Monday ladies will meet at the church for Bible study.

According to E. M. Mills of the United States Department of Agriculture a rat consumes the equivalent of two dollars a year and New England alone loses \$1,600,000 yearly through the depredations of this pest.

PROGRAM FOR BRIDGE OPENING ANNOUNCED

OCTOBER 27 DATE SET FOR BIG CEREMONIES AT BRAZOS PROJECT

Master of Ceremonies—Hon. E. A. Camp, Rockdale.
Director of Program—Mayor H. C. Meyer, Rockdale.
General Chairman—Dr. H. W. Cummings, Hearne.

Speakers—Hon. Cone Johnson, Member Texas Highway Commission; Governor Dan Moody; Hon. G. G. Wickline, Federal Bridge Engineer, Austin; Hon. O. D. Baker, Orange, Texas.

Representing Milam County—Little Miss Charlotte Cox, Gause.
Representing Robertson County—Little Miss Hattie Hall, Hearne.
Representing East Texas—Miss Arzillah Stocker, Tyler.
Representing Central Texas—Miss Elina Summerlin, Thorndale.
Representing Southwest Texas—Young lady from Austin.
Representing Dr. Knott's "Old Man Texas,"—Gentleman from Hearne.

Others participating in Ceremony—Both County Judges and all County Commissioners of Milam and Robertson counties. Speakers of the day, and other distinguished visitors.
Bands—Taylor, Thorndale and Missouri Pacific Bands of Palestine.

The Ceremony
Miss Central Texas will be stationed at ribbon gateway in center of bridge.
Miss Robertson county, followed by the County Judge and Commissioners of that county and by Miss East Texas will march from the Robertson county end of bridge.

Miss Milam County, followed by the County Judge and Commissioners of Milam County, and by Miss Southwest Texas, will march from the Milam county end of the bridge.

These two groups will meet at the ribbon gateway, which will be opened by the little girls representing the two counties. The members of the two Commissioners Courts will greet each other, after which Miss Central Texas will formally introduce Miss East Texas to Miss Southwest Texas. All the ladies so participating will be appropriately costumed for the ceremony.

After this exchange of greetings, "Old Man Texas," who has been mounted on a pedestal reviewing the ceremony, will step down and join the procession of the participants to the speaker's stand on the west bank of the river. The order of march will be:

Bands.
Robertson and Milam County girls.

Members of the two Commissioners Courts.

East, Southwest and Central Texas girls.

Old Man Texas, bearing a Texas flag.

Distinguished guests of the day. Arriving at the speaker's stand, the first three groups form a double column through which Old Man Texas will direct the assemblage to join in singing, "The Eyes of Texas."

The formal ceremony will be followed immediately with an address by Hon. Cone Johnson.

After this address a free barbecue dinner will be served to the crowd. J. W. Horlick, of Hearne, is chairman of the barbecue committee, and the American Legion Post of Rockdale, will attend to the details of serving the dinner.

After the dinner has been served the crowd will again gather at the speaker's stand, where Governor Dan Moody and other speakers will deliver addresses, to be followed by the various 'stunts' being arranged to fill out the program. These include an old fiddlers contest, a hog-calling contest, community sing-songs, negro melodies, etc. The bands will supply good music throughout the day.

Miss Charlotte Cox, niece of Mr. and Mrs. Allen Varner of Gause, visited in Cameron Wednesday. Miss Charlotte has been selected by the committee to represent Milam County at the formal opening of the new bridge at Old Nashville on the Brazos near Gause on October 27, 1927. Miss Charlotte Cox is the grand daughter of Mr. R. S. (Dick) Cox a former County Commissioner of beat three. Milam county who assisted with the opening ceremonies of the old McCown bridge near Cameron in 1883.

More Contributions To Football Fund

Following is a list of these contributing to the Yoe High School Football fund since last week.

Cameron Machine Shop	\$5.00

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily
Made Smooth, Says
Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthosulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.
It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Menthosulphur from any good druggist.

Mack Harvey Will Be Soloist for Men's Class

The Men's Fellowship class of the Austin Avenue church has secured Mack Harvey as soloist for Sunday morning, and orchestra music is to be rendered by the Fellowship orchestra led by Mrs. Louis Sommer Brogdon, accompanied by Miss Ruby Phillips.

Mack Harvey is from Cameron and friends will read with interest the above item. He has sung many times in the churches of Cameron and has a splendid voice.

Mrs. Robbins Returns From Austin Meeting

Mrs. Kathryn K. Robbins, county superintendent and member of the Textbook Commission of which Governor Moody is chairman, returned last week from Austin where she attended the meeting of the Commission to let contracts for free textbooks for the schools of Texas.

Al G. Barnes Circus Coming to Cameron

The Al G. Barnes, one of the largest shows on the road, will exhibit in Cameron on Friday, November 4, according to announcement made here this week by an advance agent of the show.

Opening Dance

Last Friday night at the Country Club house members of the club and their families enjoyed the opening dance of the fall season. These dan-

ces at the club are always well attended. An orchestra from Caldwell furnished the music for the evening.

Christian Endeavor

Last Friday afternoon at 4 o'clock Mrs. Wallace Jones had a picnic at the city park for the Junior Endeavor Society of the Christian church. There were 12 present. Games and contests were enjoyed before the picnic lunch was served.

Christian Aid

The ladies of the Christian church divided for work Monday. Some quilted at the home of Mrs. Jones and some solicited for the new cook book that is being prepared for publication.

Presbyterian Auxiliary

The ladies of the Presbyterian Auxiliary met in the homes Monday as follows: Circle one with Mrs. Holtzclaw with seven present. The lesson for the afternoon in all circles was Presbyterian Expansion. The hostess served refreshments. Circle two with Mrs. Jas. Watson with four present. Circle three with Mrs. Lankford with four present. Circle four with Mrs. Jas. L. Coleman with seven present. Hostess served a refreshment course.

Chicken Supper

Last Sunday night on the lawn of the Catholic church at Marek the ladies of the church served a chicken supper. In addition to this the ladies had for sale a large amount of hand embroidered work that was sold. There was a large crowd from Cameron and other near by towns. Above all expenses they collected \$5.28 to be used on the church and school house for repairs. The lawn was lighted by a Delco Light plant placed there by Mr. Keith representative for Delco in Cameron.

A copy of the 'Independent Chronicle and Universal Advertiser,' dated January 1, 1784, and published in Boston, shows Paul Revere living at that time a comparatively quiet existence and advertising 'an importation of metal goods, door locks, shot, playing cards, Irish linens, German serges and so on at his mart.'

The name 'White House' was applied to the Executive Mansion after the painting of the buff freestone to hide the traces left when the British burned the building in 1814.

Babies Love It

For all stomach and intestinal troubles and disturbances due to teething, there is nothing better than a safe **Infants' and Children's Laxative.**

Mrs. Winslow's Syrup

The hand salute of the soldier is thought to have originated in feudal days when a queen of love and beauty was chosen at the close of tournaments and jousts. The knights, passing in review before the throne of beauty, raised their mailed fists to shade their eyes, intimating that they were dazzled by the beauty of the queen.

A water system in perfect order and capable of carrying a daily flow of 300,000 gallons, believed to have been built by Genoese colonists 800 years ago, was recently uncovered by workmen at Alushta, Crimea.

There is a bank in Shanghai, China, in which all the employees are women. The White Oak, since the earliest days of colonization, is the most important hardwood forest tree native to North America.

Budweiser Real Hop Malt Syrup

Send for booklet of recipes for candy-making and baking

Buy from your neighborhood dealer

Strictly Union Made

Cleaned, Graded, Malted, Blended even packed and labeled by ANHEUSER-BUSCH

Budweiser Real Hop Malt Syrup is a better malt syrup because of what goes into it and the care with which it is made.

Not only do we pay an extra price for the right to take first choice of the finest hops and barleys grown in America and abroad...

But sort, clean and grade the barleys in a plant built especially for that purpose... do all our own malting in our own huge malting houses... even fill the cans and label them in our own plants at St. Louis.... And then back each can with a name that has meant top quality the world over for more than 70 years.

GOVERNOR TO OPEN 1927 COTTON PALACE

Moody Will Press Button Oct. 22 Two Parades Opening Day.

Waco, Texas—Governor Dan Moody will officially open the Texas Cotton Palace Exposition, at Waco, on the night of October 22.

It is probable that several members of the governor's official family will accompany him to Waco, the letter from the chief executive stated, in accepting the invitation tendered him by directors of the Cotton Palace. It is expected that the governor and those who will accompany him will arrive early enough to participate in the various events incident to the opening ceremonies, including the cotton parade during the morning and the formal opening parade at night.

Governor Moody will make a speech in the coliseum at night and declare the 1927 exposition open. He has always taken a keen interest in the agricultural affairs of the state, and is a strong believer in the advantages to come from the annual showing of products of the soil and the steady advancement in industrial lines such as the Cotton Palace offers.

Directors of the exposition are planning a busy day and evening for the governor when he comes to Waco as the honor guest on the opening date of the Cotton Palace.

Opening Day Parades.

The longest cotton parade, with more money value represented than ever before in the history of the Cotton Palace, is the prediction of H. A. Klein, parade chairman of the exposition, and who has already received inquiries from numberless Texas points inquiring about the cotton parade this year and signifying a desire to participate.

As in the past, the cotton parade will take place on the morning of the opening day, October 22. A prize of \$50 is to be again offered to the farmer who brings his cotton the greatest distance and participates in the parade. Last year the prize winner was from Colorado, Texas, who drove in a Ford truck a distance of more than 300 miles.

As in past years, the formal opening parade will take place at night, just prior to the opening exercises in the coliseum.

AGRICULTURE FEATURED AT 1927 COTTON PALACE

Waco, Texas—Plans are developed to make the agricultural exhibit at this year's Cotton Palace one of the most attractive from an artistic standpoint of the entire exposition. With the assurance of a bountiful yield of all products of the soil throughout Texas, F. E. Goodman, chairman of the agricultural department, is busily engaged in assembling the best exhibit, both from a quantity and quality standpoint, ever assembled in Texas. The east and west Texas exhibits will again vie for supremacy, while the individual county exhibits are to be more numerous than ever before. A new plan is to be followed in the arrangement of the exhibits, according to Mr. Goodman. Beautiful backgrounds are to be installed, with appropriate painted scenery, thus showing to the best advantage the products of Texas soil. Cotton Palace visitors will remember the attractiveness of the Canadian agricultural exhibit, with its especially designed background, and the Cotton Palace agricultural building this year will abound with similar arrangement in the different exhibits.

WOMAN'S WORK

Waco, Texas—The Woman's department of the Texas Cotton Palace, at Waco, again promises to be one of the outstanding show places of the exposition. Hundreds of Waco women have planned the huge display that will be housed on the second floor of the main exhibit building.

LOW RAIL RATES

Waco, Texas—Texas railroads have again announced extremely low rates to Waco for the Texas Cotton Palace Exposition, October 22 to November 6. In addition to the low rates in effect throughout the exposition, special trains will be run from nearby points on feature days of the exposition.

Texas and Texans.

By Will H. Mayes

Texas Spirit Needed

The greatest need confronting Texas is the creation of a unified Texas spirit. We are not exactly a divided people, but we lack a great deal of being united for the common interests of the State as a whole. This condition is due largely to two things: The State is so large and has such diversified interests that Texans do not get together enough to know each other; it is so young and so close to its colonization period that we still think and act as colonists each settlement or community looking out largely for its own interests and concerned for the whole only in case of distress or extreme need. In smaller and older states it is easy to get the people to work together for the good of all. What is most needed is concerted effort to overcome these conditions and to get the people to thinking of, and working for, Texas as a whole. This column was started and has been conducted all along with that thought in mind and in the belief that the press would have to initiate and conduct any movement that would bring about unified effort.

Strength In Unity

The motto of Kentucky is "United we stand, divided we fall," and that is particularly true of Texas. The temptation to divide our efforts is constantly before us, and to a certain extent such division is necessary, for each section has its own peculiar interests that must first be considered. Sectional efforts are helpful, but something should be done to co-ordinate all these efforts into central working bodies so that the greater Texas may not be forgotten. We should know Texas, not merely our immediate part of Texas, but all of it. All improvement, all growth, comes from comparison. Isolated mountain countries are about as they were a century or more ago, and the little progress that has been made in them has come from the outside rather than from within the settlements. There can be isolated on the plains, in the towns, in the cities where the colonial or tribal spirit is allowed to dom-

inate. Texans must overcome and get away from purely selfish, localized narrowness. A broad state needs a broad vision.

Know Your State

We should know what others are doing if we would make any real advancement. The farmer who is following the methods of his forefathers is having a hard time as they had or worse, because he has to compete with the improved ways of doing things. The merchant who is merchandising on the plans of ten years ago is a mossback, although he may not know it. The newspaper that is run as newspapers were then isn't worth a flip to its town and the place would be better off without it. The town that is making no progress is falling into decay. The farmer should watch the papers to see what other farmers in other sections are doing, and when he can he should visit the best farms of which he knows. The merchant can profit by seeing how merchants elsewhere are progressing. The editor should study the most progressive papers of his state to find why they succeed. Most evolution comes from resolution. Those who do not keep up with the procession soon fall so far behind that they are lost. It is largely by knowing where the procession is headed that you find the courage to keep step. Texas is headed toward progress. Are you?

Imitation Is Helpful

Whether we admit it or not, we are all imitators. Most of our actions are merely following leadership. We build roads, schoolhouses, churches, hotels, auditoriums, parks hold community fairs, go to college, buy new cars, get new clothes, improve our farms, our homes, use modern machinery, make all our advancement, largely because others are doing these things. For this reason we should keep informed as to what others throughout our State are doing that is best for them, their communities and the state. Therefore we have to read those papers that keep us informed, those that themselves show some of the progress of which we would know. If any one knows how to do a thing better than we are doing it, it behooves us to learn that way and use it to our advantage.

Planting Improved Pecans

Texans have been a bit slow in im-

proving the native pecans and have allowed the states east of us to get ahead in that work. We are beginning to see, by comparison again, where we have been the losers, and now more pecans are being planted than ever before and more native trees are being budded to improve nuts. People are learning that pecans make pretty shade trees and can be grown easily and many homes in both town and country now have young pecan trees growing. Even chambers of commerce are becoming interested, and out at Snyder in Scurry county, where most of us think trees will not grow, the chamber of commerce is sponsoring a pecan planting campaign. There are very few sections in Texas where pecan trees will not do well when given the right attention for the first few years. There are few homes where room can not be made for a few trees. This is the planting season.

Municipal Buildings

Denton has dedicated a \$100,000 municipal building and a municipal band furnished the music. Santa Anna a progressive Coleman county town, is planning a city hall with an auditorium in which to hold public entertainments. Other Texas towns are considering the building of municipal halls to accommodate the city officials and the fire companies and provide places for public gatherings. Most Texas towns are becoming interested in making community life attractive and to provide their people with facilities for pleasure and improvement. Municipal halls, parks, swimming pools, playgrounds for children, libraries and bands are gaining in popular favor all over Texas.

Measuring Texas Water Waste

It seems a pity to have Texans quarreling over water rights when they are allowing most of the rainfall to go to waste. The Board of Water Engineers is considering plans to find just how much of this rain is wasted, by measuring the water that runs through the streams. To one not an engineer it looked like enough rain fell in Texas the first ten days of this month to irrigate all the irrigable lands next summer and allow enough for all the hydro electric power needed. Many dams were endangered and some were damaged by the heavy rainfall. Texas does not need more

water as much as it needs to conserve that which falls.

Gas Spoiled Sleep Made Her Dizzy

"For years I suffered from gas and constipation. Used to get headaches and dizzy spells. The first dose of Adlerika gave me relief. Now I rest well."—Mrs. B. Brinkley. Just ONE spoonful of Adlerika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never thought was there. No matter what you tried for your stomach, Adlerika will surprise you. —Pace Marshall Drug Co.

Bridge Club

The Bridge Club met Friday after-

noon at 3 o'clock with Mrs. Giles L. Avriett for the first meeting of the fall. Pink and green were the favorite colors for the decorations and radiance roses were in abundance. Bird motifs were used in decorations also. Tiny birds were perched on basket handles, bowls and in every place. Cages held singing canaries. Score cards and tally pads were gay with colored birds. Table favors were novelty thimble holders, the tops of which were birds. These fell to Mrs. Roy Jeter, Mrs. Tom Henderson Jr., and Miss Beth Jeter. High score prize was a novelty bird and this was awarded Mrs. S. A. Cottle, a guest of the afternoon.

The hostess offered a two course luncheon with an ice. About the three tables were grouped club members and a few invited guests.

T. F. Hardy, President.
Jno. P. O'Neill, Cashier.

Subscribed and sworn to before me this 15th day of October A. D. 1927.

B. J. Matocha,
Notary Public, Milam County, Texas.

CORRECT—ATTEST:

T. J. O'Neill
E. P. Lester
Geo. T. Graves, Directors.

The home was made beautiful and attractive by the use of fall roses and queen's crown. The three tables were in hand embroidered bridge covers, the score pads and tally cards were colonial girls, in full gray dresses. The table markers were novelty birds. After a number of games the cards were removed and the tables covered with

lovely maderia linen luncheon sets and the hostess served molded cream in the form of pumpkins and angel food squares iced with chocolate topped with a jack-o-lantern face.

Table favors were novelty corsages of hand made flowers, the centers of which were sewing accessories. In the cut the following ladies received them: Mesdames Eber Flinn, Ed Balhorn and Vernon Roberts. High score prize was a novelty vase and fell to Mrs. Jas. L. Coleman and low was a novelty tray and fell to Miss Lalla Meyers. Mrs. Kestenbaum received a vanity as guest prize and Miss Lothschuetz received silk lingerie. Mrs. L. Levy of Rogers was an out of town guest.

Missouri Pacific In Largest Insurance Deal for Employees

St. Louis, Mo., Oct. 17.—What is said to be the largest insurance policy involving two St. Louis concerns has been underwritten by the Missouri State Life Insurance Company for the Missouri Pacific Railroad. The group insurance policies will be extended to approximately 9,000 employees in the Mechanical Department of the railroad. It is anticipated they will average about \$2,000 each in value, or a total of \$18,000,000 to \$18,000,000 of life insurance in addition to an equal amount of accidental death and dismemberment benefits and a very substantial volume of accident and sickness weekly indemnity coverage.

In making the announcement of the arrangement, President L. W. Baldwin of the Missouri Pacific Lines explained that the plan is co-operative, the railroad company paying a portion of the premiums and the individual employee paying the remainder. A crew of 30 representatives of the Missouri State Life has been at work for several days at various points on the Missouri Pacific working out the details and obtaining the applications of the individual employees. The plan was made effective October 1st and it is anticipated that within a very few weeks virtually all of the Mechanical Department employees of the railroad will be covered by this insurance.

CONE JOHNSON TO SPEAK BRIDGE OPENING

MEMBER HIGHWAY COMMISSION ACCEPTS INVITATION FOR BI-COUNTY CELEBRATION

The contractors are today (Thursday) laying the last of the flooring of the new Brazos bridge, and traffic will probably be established over same in a limited way at once.

The date for the big bi-county celebration has been set for Thursday, October 27.

This news comes to The Reporter as a fact, just before closing the form for this page.

E. A. Camp, chairman of the speakers committee for the big Brazos bridge opening celebration soon to be staged by the citizens of Milam and Robertson counties, was in Austin on Tuesday of this week and conferred with Hon. Cone Johnson, member of the Highway Commission, who accepted the invitation to deliver an address on the occasion of the bridge celebration. Mr. Johnson is recognized as one of the most forceful speakers of the state, and he has shown a keen interest in the work of completing the bridge and Highway 43. The committee having the celebration in charge is pleased to know that he will be present and considers it fitting that a member of the Commission be the honor speaker at an affair in celebration of such an important piece of state highway work.

Governor Moody has also been invited to speak and his acceptance is expected.

All communities in charge of the various details of the celebration are hard at work and the plans are reported to be shaping nicely for a most successful affair. It is anticipated that not less than 5000 people from Milam and Robertson counties will be present and arrangements are being made to supply a free barbecue dinner to that number.

In the meantime Henry Reaves, highway maintenance supervisor of Milam County, is having the road dragged, the weeds cut, and the entire highway put in good shape for traffic. District Engineer Blair and District Supervisor Fields were both in Rockdale the past week, and informed Mayor Meyer that it was their purpose to drag this highway after each rain from now on, and that it would be put in first class shape to handle the heavy automobile traffic on the occasion of the football game between Texas University and A. & M. College teams, to be played at College Station Thanksgiving Day.—Rockdale Reporter.

Masons to Witness Master's Degree at Austin October 24

Central Texas Masons are looking forward to the conferring of the Third Degree of Masonry by Austin Lodge No. 12 of Austin, Texas, on Monday evening, October 24, 1927, at the Scottish Rite Cathedral in Austin. The conferring of this degree will be in dramatic form with costuming, scenery, lighting effects, and incidental music and will be exemplified by a picked team.

The intention in exemplifying this degree is to give Masons a better conception of the work then can be obtained otherwise. This is an semi-annual occasion, the various Lodges of Austin rotating in the conferring of the degree. Usually from five to eight hundred Masons from Central Texas are in attendance. The work is to commence at 7:30 in the evening. E. C. Munro, Master of Austin Lodge No. 12, will be in charge.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its
Natural Color, Gloss and
Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

According to reports of game wardens in the Cascade Mountains, a migratory swarm of butterflies, three or four miles wide and ten or fifteen miles long and as high as the eye could discern, flew over Kittitas county, Washington, recently.

The cat has two kinds of vocal cords—true and false. The true vocal cords are in the newing and making other common sounds, and the false are used only in purring, a sound made when the cat is contented and comfortable.

How to Recover Lost Strength

Abilene, Texas—"I can heartily recommend Dr. Pierce's Golden Medical Discovery to any one who is in need of a good tonic. I take it in the fall to fortify myself against colds and grippes. I also take it in the spring and find it of great benefit. In the winter of 1919 I had a severe attack of influenza which left me in bad condition—I did not want anything to eat, could sleep but little and was very nervous. I took two bottles of the 'Discovery' and it made me feel like a new man."—J. E. Matthews, Gen'l Del. All Dealers. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. SERVICE ON DODGE SENIOR SIX ANNOUNCED

COURSE OF STUDY FOR DEALERS' SERVICE MEN TO INCLUDE NEW SENIOR LINE

To maintain and improve the high quality of service to owners for which Dodge Brothers' dealer organization has become so well known throughout the country, the factory has completely reorganized its training school for service managers and service men. The school has been in existence for several years, offering a comprehensive course in servicing Dodge Brothers four cylinder cars which has been taken by thousands of service men from all parts of the country, according to Sapp Motor Company, local Dodge dealers.

The reorganized course of study includes, in addition to the former instruction on four cylinder cars, detailed study of the company's Senior line. The school is modern in every respect and the instructors in charge are specially trained service engineers who know the proper method of performing every mechanical detail of service on both lines of cars.

The training course now includes instruction on servicing motor, clutch, transmission, universal joint, front and rear axles, steering gear, brakes and other mechanical features. All major parts are on display in the room as well as two cutaway chassis. With the latest and most efficient tools for both the four and the Senior at hand the students and instructors go thru all service operations, giving the students a chance to see how each is performed. A number of the more modern and highly efficient shop tools that Dodge Brothers recommend are shown and by actual demonstration the proper method to use them is fully explained.

Already approximately 100 service men have come in to the factory to go through the new course of study and during the next few weeks it is expected that many dealers from all over the country will send their men to Detroit to take the course of instruction.

In addition to the service school Dodge Brothers maintains field service men all over the country whose sole work is to maintain contact with dealers' service departments and keep them informed on the most up to date methods of servicing Dodge Brothers cars. Each of these traveling representatives is a trained service engineer whose work in his particular territory supplements that of the factory's service school.

Harold Massey Hurt

Last Sunday afternoon about six o'clock little Harold Massey, youngest son of Mr. and Mrs. T. M. Massey, had the misfortune of cutting the right side of his nose with a "nigger shooter" stock. He had the stock nailed to the fence and was shooting rocks when it broke and struck him in the face. He was taken to the hospital for treatment where several stitches were taken. He is at home now and doing nicely.

The Secretary bird of South Africa, noted for its snake killing ability, gets its name from the crest of long, dark plumes rising from the back of its head resembling a bunch of quills of the feather pens once used by clerks.

The wearing of cap and gown by college graduates was comparatively rare in America until the last quarter of the 19th century.

Soothsayers of East India break eggs against a board and study the size of the bits of shell and the position into which they fall to foretell events.

UNIQUE EXHIBIT BY U. S. SHIPPING BOARD

To Be Shown at Cotton Palace, Waco, Oct. 22 to Nov. 6.

Waco, Texas—Negotiations have been concluded for an exhibit at this year's Texas Cotton Palace Exposition, at Waco, by the United States Shipping Board, which will be of great interest to all, but with an especial appeal to farmers.

The United States shipping board is organized for the purpose of furnishing transportation in United States owned ships for the surplus agricultural and other crops exported for foreign countries. In 1924 46.6 per cent of the total value of exports from the United States was of agricultural products—almost half of our export trade in value and approximately one-third in tonnage.

Moving picture machines will form a part of the shipping board exhibit, and these will depict the enormous savings to the farmers in export trade in the disposal of their surplus products through the agency of the board. The importance of the exhibit is at once recognized when one thinks of the fact that the freight bill for carrying our foreign commerce approximates \$600,000,000.

Agricultural Exhibit.

The exhibit of the United States department of agriculture, always a Cotton Palace feature, will form a part of the Cotton Palace attractions again this year. Throughout the nation the importance of improved methods in agriculture are being recognized which has resulted in more attention being given to this subject by the national government than ever before in history. The national department of agriculture is carrying the message of scientific and better farming to the agricultural interests of the nation through the mammoth exhibits being displayed at the larger fairs and expositions of the country. It is said that the corn and small grain crop comprising a part of the exhibit embraces the finest specimens this rich nation has ever produced.

Enlarged Poultry Show. In centering their attention on something of interest to the farmer, directors of the Cotton Palace have not overlooked the appeal of the poultry show, of which John K. Strecker is the superintendent. Mr. Strecker has seen the poultry show grow from a very small affair until it ranks second to none in the state of Texas both from a quantity and quality standpoint. With the solid backing of the directors, he is reaching out this year to add new laurels to this important feature of the exposition. According to Mr. Strecker, inquiries have already been received in large numbers for exhibit space, and as was the case last year, the only problem is to make room for the vast display of poultry which will be at the Cotton Palace from every section of the United States.

F. E. Goodman, director in charge of agriculture and live stock, is highly pleased with the outlook for these departments. The popularity of dairying and swine raising in Texas during recent years has resulted in the Cotton Palace officials centering on dairy cattle and registered swine as the feature of the 1927 live stock exhibit. To dairymen and swine fanciers, as well as others who have an interest in improving farm and dairying conditions, the live stock exhibit this year will furnish all that could be desired in this fast growing industry.

GIRLS' CLUB CONTESTS COTTON PALACE FEATURE

Waco, Texas—The girls' club contests at the Texas Cotton Palace Exposition, under the direction of Miss Margaret Moore, home demonstration agent for McLennan county, and Miss Jennie Hilton, domestic science teacher in the Waco high school, is developing keen competition throughout Central Texas, and promises to be of unusual interest. Clubs as well as the individual members are entering their best efforts to capture the prize money in the various lines of work, as well as the glory that goes to the victor in the several classes. Miss Moore reports that both the clubs and members are busily engaged in making and planning the hundreds of entries that will be shown at the exposition.

Sells Clothing

Chas. C. Smith, local representative of the Ed V. Price Tailoring Company had with him on Monday and Tuesday a representative of the company and reports the sale of a large number of suits and overcoats. Mr. Smith has been the local dealer for the Ed V. Price Company for a number of years.

The samples were in the piece and enabled customers to make satisfactory selections of clothing for fall and winter.

Baptist W. M. S.

Ladies of the Baptist W. M. S. met Monday at the church. Devotional was led by Mrs. W. H. Henley. A short business discussion was held. Plans were discussed as to the program for third Monday. Next Monday the ladies will meet in circles in the following homes: Circle one with Mrs. J. L. Denson, two with Mrs. J. E. White, three with Mrs. B. F. Bailey and four with Mrs. L. L. Blaylock. They will study Royal Service.

Bridal Party

At 7 o'clock at the Bigbee House Dr. E. Rischer was host to the bridal party of the Johnson-Lothochultz wedding and the relatives and a few close friends to a bridal supper. The table was very pretty indeed with many vases and bowls of pink La France and Paulner roses. A six course supper was served. Out of town guests were Miss Elizabeth Rischer of Quincy, Ill., and Mrs. Mary Carpenter of Belton, mother of Mrs. Johnson and grandmother of Mr. Rueben M. Johnson, the groom.

Contrary to the general belief that Indians are without sentiment and lack the kinder feelings of humanity, David I. Bushnell, of the Smithsonian Institute, asserts that they often subject themselves to many kinds of self-inflicted pain to prove their agony at the death of a loved one, such as bedaubing their bodies with white clay, cutting out pieces of their skin and flesh, passing arrows thru their skin and walking barefoot on the march.

Good Business

M. E. Fisher who purchased the Triggs Dry Goods Company stock of goods and placed it on sale at Bankrupt prices beginning last Friday reports a splendid business.

Mr. Fisher is well known here and over the territory as a merchant who gives bargains and in this sale has not disappointed the people.

The sale will continue here until the stock has been disposed of. The sale has been announced in three succeeding issues of The Herald.

The Austrian government requires candidates for responsible railway positions to undergo severe tests, including one for temper.

Alligators, whose food consists of fish and meat, cannot swallow their food except under water.

Keep Kidneys Active!

You Can't Feel Well When Kidneys Act Sluggishly.

To feel always tired, lame and achy is too often a sign of improper kidney action. When the kidneys act sluggishly, waste poisons remain in the blood, and are apt to make one languid, stiff and achy, with dull headaches, dizziness and often nagging backache. A common warning that the kidneys are not acting right is scanty or burning urinations. Assist the kidneys with Doan's Pills. Doan's, a stimulant diuretic, increase kidney activity. Are endorsed from coast to coast. Ask your neighbor!

High Compression Performance that thrills the most Veteran Experts

By the Automobile Expert of "Automobile Topics"

"It has... all the 'punch' in the world... a smart push in the back every time the accelerator pedal is trod upon. Throughout its whole range, the response to throttle seems to be precisely the same. 'Soft spots' are simply not to be found.

"... it will walk away from the traffic signal faster than anything Hudson has ever built. It will step out of line and jump into the lead from any speed without the slightest hesitation.

"But further, all this is accomplished without a vestige of that tinkle-tinkle business under the

hood that Englishmen know as 'pinking' and American engineers as the gas knock, or detonation. Apparently this present Hudson engine just isn't going to 'ping' when the throttle is quickly opened, or when the car is driven hard against a hill.

"Under precisely similar conditions most any other modern engine will detonate when running on ordinary fuel...

"The Hudson motor does what it does on any old fuel at all, it is said, and assuredly does it on the run of pump fuel that is sold at base prices everywhere."

Class Party

Last Friday evening at 8 o'clock the Freshman class of the Yoe High school enjoyed a very delightful party on the lawn of the Lesovsky home. Dorothy Lesovsky a daughter of the home is a member of the class and was hostess. Games and a treasure hunt were enjoyed supervised by Miss Mary Lake Henderson and Mr. Guy Newton. Punch and cake were served.

A table was decorated in the class colors of pink and green and in the center was a big punch bowl. There were about one hundred and six members in the class and most of them were present to enjoy this delightful affair.

Teacher Honors Class

Miss Alice McGehee entertained her Sunday School class last Friday evening at 7 o'clock with a luncheon at the home of her mother, Mrs. G. H. McGehee.

The table was centered with a large bowl of marigold surrounded with witches and black cats. The placards were black cats and owls with cards attached with yellow ribbons on which

were written verses about each guest. At each plate were also Halloween caps to be worn during the evening.

First course served, baked chicken with dressing, creamed potatoes with peas, cheese balls, candied apples and hot rolls. Second course, fruit salad with crackers. Third course, gelatine with whipped cream and cake.

After the luncheon a business session was held. The following officers were elected: president, Helen Blaylock; Vice president, Euline Slaught; secretary, Inez Evans. This is a class of sixteen year old girls of the intermediate department of the Baptist church. The following were present: Helen Blaylock, Euline Slaught, Inez Evans, Vivian Lamkin, Lucille Green, Marie Haverlick and Eunice Osborn.

Sheriff's Sale

The State of Texas,
County of Milam,

Whereas on the 6th day of May A. D., 1927, in a certain cause, numbered 554 on the docket of the District Court of said county, wherein the State of Texas is plaintiff and Mrs. John T. Hill is defendant, the said plaintiff recovered judgment in the amount of two hundred forty-three and 11-100 dollars for taxes, and legal amount penalties, costs and interests computed thereon, together with the

foreclosure of plaintiff's delinquent

tax liens upon the property hereinafter described as the property of the defendant because of non-payment of the taxes due thereon;

And whereas, on the 5th day of October A. D. 1927, by virtue of the aid judgment and the mandates thereof, the Clerk of the District Court of said county did cause to be issued an order of sale, commanding me as Sheriff of said county to seize, levy upon and sell in the manner and form as required by law the hereinafter described property as the property of the above defendant, to satisfy the said judgment.

Wherefore, by virtue of the said Order of Sale and the mandate thereof, I did on the 5th day of October A. D. 1927, seize and levy upon as the property of the above defendant, the following property, to-wit:

All that certain tract or parcel of land, to-wit: situated in Milam County, Texas, on the waters of Brushy Creek, and a part of the John Bright one third league and bounded as follows:

Beginning at a stake on the West line of H. P. Pinkerton survey from which a P. O. 3 in. in dia. mkd. X brs. North 20 W. 1 4-5 vrs. another P. O. five inches in diameter marked X brs. N. 10 1-2 W. 1 1-10 vrs. thence N. 20 E. 887 1-2 vrs. to stk. from which a B. J. brs. N. 48 E. 3 4-5 vrs. another B. J. brs. N. 86 1-2 W. 8 vrs. thence N. 70 W. 922 1-2 vrs. stk. B. J. brs. S. 70 E. 6 4-5 vrs. thence S. 20 W. 887 1-2 vrs. corner B. J. bears N. 33 W. 6 4-5 vrs. Thence South 70 E. 922 1-2 vrs. to beginning containing one hundred and forty five acres of land, more or less.

And I will on the first Tuesday in the month of November A. D., 1927, the same being the 1st day of said month, proceed to sell said property at the Court House door of said county, in the city of Cameron, Texas, between the hours of 2 o'clock p. m. and 4 o'clock p. m. to the highest bidder for cash all the right title and interest of the above defendant, in and to

GIANT ORTHOPHONIC VICTROLA TO PLAY

Huge Machine Will Be Heard at Cotton Palace, Waco, Oct. 22 to Nov. 6.

Waco, Texas—Texas Cotton Palace patrons remember with great pleasure the vast volume and the excellent tone quality of the giant Auditorium model of the Orthophonic Victrola, which was heard on the exposition grounds last year.

It has been announced that this great machine, which is the last word in the development and improvement of phonographic reproduction, will be heard again on the Cotton Palace grounds throughout this year's exposition period, Oct. 22 to Nov. 6. This giant musical instrument was secured through the efforts of Sanger Brothers, Waco representatives of the manufacturers.

Concerts will be given on the huge machine twice daily, with a new program for each performance. One of the features of this great instrument is that it plays the ordinary disc sizes records.

Thousands of Waco residents, some of them living as much as a mile from the Cotton Palace grounds, said that last year they could hear the music from this huge machine clearly and distinctly. It arrests the attention of all who hear it, having something of the sound volume and tone of the finest bands. It is the claim of the manufacturers that the Orthophonic Victrola can with ease drown out nearly any band or orchestra.

Improvements Made.

The giant model Victrola will be placed in a specially constructed house, similar to the one utilized last year. This unique instrument was one of the wonders of the Cotton Palace in 1926, and no doubt will be more popular this year, as improvements are constantly being made.

The Orthophonic Victrola is less than two years old, but during that time it has proven itself the wonder machine of phonographic reproduction. The horn is built in and is about eight square feet in size. The instrument is played electrically, and uses about twice as much current as the ordinary washing machine. The sound is just as clear as the ordinary size Victrola, without distortion of the music, or any scratching or "static" sounds. The giant model is constructed primarily for use in auditoriums, theaters, dance floors, park stands and other places where sound volume is necessary and at the same time true reproduction of tone is desirable.

Good music is appreciated by every person, and patrons of the Cotton Palace this year will have the rare privilege of the best in the musical world, it matters not where they may be on the exposition grounds. The unique machine will be ready for operation on the first day of the Cotton Palace and remain throughout the two weeks, with factory representatives in charge of the programs in co-operation with Sanger Brothers, local dealers.

BUICK BREAKS SALES RECORDS

Increase Averages 4,000 Cars a Month over Same Period in 1926

Flint, Mich., Oct. 15—Buick sales since the introduction of new models in July have shattered all records in Buick history, C. W. Churchill, general sales manager of the Buick Motor Company, announced today. The July, August and September total this year is 82,955 cars, as compared with 70,941 cars sold during the corresponding period in 1926.

"The average monthly increase during the last three months, over the corresponding period in 1926, amounts to more than 4,000 cars," said Mr. Churchill. "This represents an average increase of 1,000 cars a week, or considerably better than 100 a day."

"When it is recalled that these are retail sales figures, and not mere production totals, such a record seems to us highly significant. It means that the instantaneous public reception of the new Buicks was not a mere flash in the pan, but rather the forerunner of a sustained demand for Buicks, all over the country, based on the recognition that here was such style, comfort and performance as best filled the public's conception of value in a motor car."

The Proof of the Pudding Is in the Eating

Note our answers to the following questions:

Do you place your graduates in good positions? We placed thirty-two in August, twenty-eight in September, could have filled eight more but for lack of unemployed graduates. Did you place them with large concerns where there is room for good advancement? We give you a partial list of firms with which we have recently placed from one to six: Butler Bros., The Dallas News, Gulf Refining Company, A. & P. Corporation, Lone Star Gas Company, Southland Life Insurance Co., National Air Transport, Paramount Film Exchange, Texas Power & Light Co., N. O. Nelson Mfg. Co. Do you keep a record of each student placed and whom with? Yes, and it is open to the public, that every one may see the splendid work our Employment Department is doing. How do you qualify your students to hold the better positions in three months less time than other schools? By the use of seven of the Famous Byrne copyrighted textbooks which we own and control and our original method of individual advancement. How do you save your students from \$200 to \$500 over the cost in other schools? In the three months time we save them they earn from \$200 to \$425 salary and save three months board, \$75 to \$90.

Fill in and mail today for large, free catalogue, giving more proof of our big school.

NEW SHOWS, NEW RIDES, TO BE AT COTTON PALACE

Waco, Texas—The "War-path," or fun row, at the Texas Cotton Palace this year promises to be all that the name implies. One of the leading carnival companies of the country has been booked to furnish the amusement on the midway. The "War-path" attractions were signed by Secretary Mayfield following a visit to the larger fairs of the mid-west.

The shows embrace many things that are new in outdoor amusements, as well as numbers of thrilling rides. The feature ride is the Tilt-a-Whirl, and one that is guaranteed to furnish about almost as many thrills as an ocean airplane flight—minus the danger. It is a device said to combine the three most popular rides of recent years all in one. Seven other big rides are carried by the carnival organization.

The complete list of shows and rides are: Alice Congress of Fat Folks; Luther, Three-in-One; Jumbo; Devil's Daughter; Buggy Ride; Model City; Motor-drome; Minstrel; Side Show (10-in-1); Athletic; Rex and Tiny; Menkeydrome; Jiggs; Trained Wild Animal Show; War Exhibit; Palace of Illusions; Merry-Go-Round; Ferris Wheel; Whip; Caterpillar; Tilt-a-Whirl; Baby Swing.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store.

W. E. JAMES WILL RUN FOR STATE SUPT

TRAVIS COUNTY MAN WANTS TO REPRESENT PEOPLE IN EDUCATION

Austin, Oct. 15.—W. E. James of Travis County stated Saturday that he will be a candidate in the 1928 campaign for the office of State Superintendent of Public Instruction.

W. E. James is a native Texan and was reared on a farm. He first attended a rural school in his community and later the Edgewood High school. He is a graduate of the North Texas State Teachers College, B. A. graduate of Baylor University and an

M. A. graduate of the University of Texas. He has practically completed the courses required for the Ph. D. degree in the University of Texas.

Except for the past eighteen months, during which time he has directed the activities of the Texas Council of Safety, Mr. James has been engaged in school work in the state since 1909. He has taught in the rural schools of his native county, in the North Texas State Teachers College and in each of the universities of which he is a graduate. He was connected with the State Department of Education as rural school supervisor for four years.

As a school man and a public speaker Mr. James is well known. He has delivered many addresses before teachers institutes, educational associations, civic clubs, farmers organizations, commercial clubs, law enforcement bodies, churches, public health

associations and other important organizations.

With reference to the coming campaign Mr. James said:

"I am going to make the race for the important office of State Superintendent of Public Instruction because I want to be State Superintendent, and because I sincerely believe that the office will give me an opportunity to render a greater service to the state than I can possibly render in my present position.

"I believe that Texas needs and desires a constructive educational program—a program that will give to every child the educational opportunity to which he is justly entitled and to every tax payer a just return in service for the money he pays to the schools.

"I am convinced that the State Department of Education can be made to render its greatest service to the people by securing and maintaining the co-operation of the educational forces in the state.

"Of course I believe in and practice economy, but I believe in genuine efficiency and progress also. The principles upon which my campaign will be based will be announced at a later date."

Johnson-Lothschuetz

A wedding of much interest to many friends of Cameron was that of Mr. Rueben M. Johnson and Miss Marie Lothschuetz, daughter of Mr. and Mrs. John Lothschuetz of Ewing, Mo., which took place in the reception room of the Cameron hospital at 6:30 o'clock Sunday evening.

The decorations of the room were simple and beautiful. Queen's crown and umbrella ferns were placed in wall baskets of ivory around the entire room. An embankment of ferns and floor baskets of roses served as a background for the four candelabra with glowing white tapers in front of which was a wicker basket of canary chrysanthemums. Over this was an arch of twining coral vines and green leaves.

Rev. Father Apel performed the impressive and beautiful ring service. Miss Annie Lorenz had charge of the music. A "Bridal Chorus" from Lohengrin was used for the processional. The attendants were Miss Maurine Lovick and Mr. Marvin Sykes, closely following them were the bride and groom entering together.

The bride's dress was of mid-night blue georgette crepe with satin bands, hat of black velvet and satin, shoes and hose of black. Her bouquet was of pink sweetheart rose buds with maiden's hair fern with shower of lilies of the valley. This she requested to be sent to her mother, Mrs. John Lothschuetz of Ewing, Mo.

Miss Lovick wore a black satin and crepe creation with full skirt and rhinestone ornaments with black hat of close fitting model. Her shoes and hose were black. She carried an arm bouquet of half open pink radiance roses.

They left immediately for a wedding trip after which they will make their home in Corsicana.

Miss Marie Lothschuetz of Ewing, Mo., is a cousin of Dr. E. and Miss Rose Rischar of Cameron. She came to Cameron six years ago to enter the nurses training school at the Cameron hospital. After graduating there three years ago has continued to live and work among the Cameron people to whom she has endeared herself. She is a lovely, sweet girl and is admired by all for her kind and sweet manners.

After a short wedding trip they will make their home in Corsicana. They received a host of lovely and useful wedding gifts. The Herald extends to them congratulations and best wishes.

The custom of wearing orange blossoms in the bridal veil is believed to have originated at the time a French nobleman in the Spanish court bribed the royal gardener's daughter, in love with a man too poor to marry, to secure for him a small plant of a jealously guarded orange tree for his own garden. Rejoicing over the fact that the bribe enabled her to marry, the bride entwined orange blossoms in her hair.

Sir Henry Wyatt gave as a reason for always having a cat painted beside him in his pictures that while imprisoned by Richard III a cat brought him a pigeon daily for food and kept him from dying of cold by permitting him to caress her.

If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

MONROE FISHER TO FACE TRIAL OCT. 24

WITNESSES ARE BEING SUMMONED FOR CASE TO COME UP IN MILAM COUNTY

Belton, Oct. 15.—Summons for 42 state witnesses have been issued by the district clerk of Milam county in the case of Monroe Fisher, charged with the murder of former sheriff Albert W. Bonds in this city several months ago. The case is scheduled to come up for trial at Cameron on October 24.

Of the 42 wanted, 39 have already

been served with notices to appear at the trial and the remaining three are out of the county.

Fisher is alleged to have shot and killed Bonds in this city on May 11th last spring while the latter was standing in front of the Belton National Bank. Five shots were fired from a Ford roadster parked in front of the court house and all five shots took effect. Bonds lived about an hour following the shooting.

Fisher was indicted by the Bell county grand jury for murder in connection with the shooting and is now at liberty on bond in the sum of \$10,000.00. The case was transferred to Milam county upon District Judge Lewis H. Jones' own motion, he stating that he did not believe a fair and impartial trial could be had in Bell county on account of the prominence of the parties and the wide publicity the case was given.

Feen-a-mint The Laxative You Chew Like Gum

No Taste
But the Mint

RED PEPPERS END RHEUMATIC PAINS

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

Stop That Itching

Use Blue Star Soap to clean the effected parts, then apply Blue Star Remedy. It penetrates the skin, kills out the germs, stops the itching at once, and restores most cases to a healthy condition. Eczema, Tetter or Cracked Hands, Poison Oak, Ringworm, Sore Blistered Feet, Sunburns, Old Shin Sores—all of these have yielded to its wonderful healing power. 60c and \$1.00 a Jar. Soap 25c. Manufactured by Star Products Co., Cameron, Texas.

OVER 3,000 BIRDS FOR COTTON PALACE SHOW

Poultry Display This Year Promises to Surpass All Past Efforts.

Waco, Texas.—There will be a total of at least 3,000 birds in the Texas Cotton Palace poultry show this year, according to John K. Strecker, superintendent of this department. This estimate is based on the large number of letters received by Mr. Strecker, who says that the mammoth exhibits of chickens, turkeys and water fowl at the exposition this year will exceed in number, quality and variety the display of any former year.

Presley Webb of Hillsboro, superintendent of the Poultry department of the Hill County Fair will again act as floor superintendent of the Cotton Palace show. The judges for the 1927 show will be E. C. Branch of Lees Summit, Mo., and Walter Burton of Arlington, Texas. Mr. Branch is chairman of the standard revision committee of the American Poultry association, while Mr. Burton is superintendent of the poultry department of the Texas State Fair at Dallas. Both are judges of national reputation.

This year the entire poultry building will be devoted to poultry and the section formerly allotted to the pigeon department will be turned over to the Texas Bantam club for one of the largest exclusive bantam displays ever made in the southwest. The Texas Bantam club is an organization composed of enthusiastic bantam fanciers all over Texas and the members are anxious to make this, their second annual meet, record-breaking both in point of numbers and quality.

Texas Meet of Cornish Club

The Texas meet of the American Cornish club will bring together a wonderful display of these attractive and valuable fowls. Texas has more members in the American Cornish club than any other state in the Union. The members promise that they will bring together at least three times as many birds as were represented in the large classes of these fowls at last Cotton Palace.

The Texas White Plymouth Rock club will have their state meet at the Texas Cotton Palace and indications are that the display of White Rocks will be unusually large.

The premium list of the poultry show has been revised and enlarged and several hundred dollars in special premiums are offered this year on new classes. Ornamental fowls are now recognized and a substantial amount in specials has been placed on pheasants of different varieties.

Four special premiums of \$20 each are offered on the best pens in the American English, Asiatic, and Mediterranean classes. The rapid and steady growth of the Cotton Palace Poultry Show from year to year, under Mr. Strecker's management, is being recognized by leading poultry men in many parts of the country. In a recent write-up by Editor Van Winkle of the Dallas Poultry Journal, Mr. Strecker was referred to as "the dean of poultry superintendents of the south."

DEMONSTRATION ON HOW TO FATTEN LIVESTOCK

Waco, Texas.—The Agricultural Development Association of McLennan county will foster a demonstration at the Texas Cotton Palace this year (October 22 to November 6), which will emphasize the profits to be obtained in fattening livestock for the market. The A. D. A. will bring the livestock men of this section facts and figures as to how cattle can be fattened at nominal cost, with the corresponding higher price of fattened cattle over range cattle in the livestock markets of the country, all of which means increased profits to every livestock breeder. Jess Willbanks of Hallsburg, one of McLennan county's most successful farmers, and an enthusiastic livestock fancier, will have a real livestock farm exhibit, occupying an entire barn in the livestock section. In the exhibit will be sheep, cattle, hogs, chickens, turkeys—in fact, everything that a good farm should contain to put money into the pockets of the farmer and at the same time emphasize the all-absorbing question of diversifica-

W. J. Walker Heads Gilmer Schools Again

Gilmer, Texas, Oct. 15.—For many years the people of Gilmer have prided themselves on their schools. The high school draws students from many districts and is housed in one of the finest buildings for any city of its size in East Texas.

As early as 1861 Gilmer attracted attention as being a leading educational center of Texas. At that time Prof. M. H. Looney conducted a school at Gilmer which had about a thousand students in attendance, coming from several counties. The law department of that school was under the direction of O. M. Roberts, later elected Governor of Texas. Several noted men of Texas attended that school, one among them being Charles A. Culberson, later elected Attorney General and Governor of Texas and for many years serving as United States Senator from this State.

Since that time the people of Gilmer have endeavored to keep pace with the times in the progress of education. However, in 1926 the schools in Gilmer, four in number, became more popular than ever under the direction of their new superintendent, W. J. Walker, a graduate of the University of Alabama, who for several years prior to his election to the superintendency of the Gilmer schools was principal an superintendent of schools in Milam and Bell counties. He is a school man of good judgment imbued with the spirit of being satisfied with only the highest standards of school work, and working splendidly in co-operation with him are the Rotary Club and Parent-Teacher Association, and other community interests.

Organize P. T. A.

Last October the parents and teachers organized the Parent-Teacher Association which has proved a valuable asset to the schools. Through its efforts each school child was given a physical examination. This organization also devised ways and means for repairing the school buildings, refurbishing them, and for beautifying the school grounds and the association has a big program along the lines of improvements that it expects to put over during the coming year.

One of the outstanding factors in the Gilmer schools is its corps of teachers.

The high school has one of the ablest faculties in Northeast Texas as to be found in a town the size of Gilmer, representing such colleges and universities as the University of Texas, A. & M. College, C. I. A., Baylor University, Southern Methodist University and the University of Alabama. With such trained minds as these the Gilmer schools are becoming more popular, drawing students from almost every district in Upshur county and already having an enrollment of more than a thousand students, representing an increase in attendance of forty per cent over last year.

The Gilmer High School has a total of 27 affiliated credits with the Department of Education, five of which are vocational, three in agriculture and two in home economics. Extra curricula activities were added last year, such as the Glee Club, Literary Society work, and as fine school band as any town the size of Gilmer in the State.

Winning Football Team

The Gilmer High School football team of 1926 had the distinction of being the best class B football team in East Texas, having won last year the championship in its district covering several counties and then the bi-district championship. With the

same leader and coach for the present season, Henry McClelland, it is freely predicted that the school will have a very successful season this year.

The school features not only football, but several forms of athletics, such as basketball, tennis, track and baseball for boys and volleyball and tennis for girls.

Louisiana Woman Tells Why
She Relies On Cardui For
Her Troubles.

"When just a girl,"
writes Mrs. G. W. Britt,
of Haughton, La., "I suffered
quite a bit at times
... I would be so tired
all the time that I didn't
really enjoy anything."

"I took three bottles of
Cardui and very soon, I
saw quite a difference."

"Later on in life, after
I got married, I was very
weak and nervous, before
my baby came. I remem-
bered what Cardui had
done for me when a girl
and sent for it again."

"I only had taken two
bottles when I felt so much
stronger and better."

"I am a great believer
in Cardui because I know
it did me good."

Cardui should do you
good, too. Try it.

CARDUI
A Vegetable Tonic

TEXAS COTTON PALACE OFFERS VAUDEVILLE

Six High Class Acts Twice Daily
First Week to Be Free.

Waco, Texas—Six big acts,
each a headliner and composed
of outstanding stars in the
amusement world, together with
an orchestra of international
reputation, will compose the first
week Coliseum program of the
1927 Cotton Palace Exposition,
at Waco. These acts will be pre-
sented matinee and night, begin-
ning October 22 and ending Octo-
ber 30. The exposition closes
this year on November 6. This
big feature attraction is to be
free.

Headlining the first week's
coliseum bill will be the Gypsy
Strollers, composed of eighteen
people, featuring James Y.
Lewis, Lee Parks, Harry Morris-
son, Ruth Parks, Elita Hipp,
Louis Lewis and Conrad Hipp,
late motion picture star of Uni-
versal City. The famous Gypsy
Strollers chorus, appearing at ev-
ery performance, is a feature
that helps round out this big act,
at once making it as the most
complete and highly entertain-
ing feature presentation ever as-
sembled. The Gypsy Strollers
are pleasing alike to mother,
father, son and daughter, be-
cause they are personable, clever,
bright, fascinating performers,
with numerous specialties, real
voices, wonderful costumes and
scenery for every show. The
Gypsy Strollers will present a
change of program each night.

Twentieth Century Revue.
Ten people, eight men and two
girls, all young and clever, will
be seen in the Twentieth Cen-
tury Revue. This aggregation
has taken the best out of jazz,
dipped into the classical here and
there to show their versatility,
and used their best veins of
humor in creating an amusement
feature which has been charac-
terized as the act that will hold
any audience until the last toe
has tapped and the final note of
music has died away. The spirit
of jazz reigns supreme during
the time allotted for the appear-
ance on the stage of the Twen-
tieth Century Revue.

Sixty laughs a minute is what
Billy Lorette, famous clown
policeman gets from his audience
wherever he appears. Lorette is
known from coast to coast as the
funniest clown policeman ever
produced. He is clean, smart,
clever, original, witty and enter-
taining. Alert with jocular say-
ings, funny antics and a hundred
new comical stunts, Billy Lorette
keeps his audience in uproarious
merriment.

With more tricks than his
"bike" has spokes, Will Morris,
the cycling comic, will vie with
Lorette as the fun maker on the
Cotton Palace coliseum program.
Morris has been proclaimed the
wonder trick cyclist of the world,
performing many intricate antics
on his "bike" never before wit-
nessed outside the larger show
places. "Morris merriment" is
irresistible, with an appeal to
young and old alike.

Unusual Mystery Act.
Man or monkey? That's a
question coliseum audiences will
have to decide about Nathal, an-
other feature act on this year's
bill. Nathal instantaneously
changes from fashion plate dress
attire to a denizen of the jungles,
performing apish antics at all
angles. Everywhere Nathal has
been proclaimed the most mysti-
fying person (or monkey) before
the American public today. He
is a European product.

The Van De Velde Troupe, fea-
turing a beautiful and accom-
plished girl, offer a highly enter-
taining and amazing routine of
balancing and juggling. Every-
where the Van De Velde Troupe
has appeared they have been pro-
claimed as a company of pic-
turesquely costumed musicians,
singers and acrobats. New feats
of skill and daring are introduced
by the Van De Velde company,
with a winsome girl as the leader
in the fast and furious ten min-
utes they are on the stage.

The orchestra, composed of
many famous musical artists will
be heard each afternoon and
night during the first week, be-
ginning Sunday night, Oct. 22.
The combined show will be pre-
sented in the coliseum for seven
nights, beginning Oct. 24.

Waco, Texas—Feature days
and feature programs will be the
rule at the Texas Cotton Palace
this year. A show of uncom-
mon merit will appear in the coliseum
all of the first week, while a
new and distinct program will
be offered each day and night of
the second week.

SHERIFF'S SALE

The State of Texas,
County of Milam,

By virtue of an order of sale, is-
sued out of the Honorable 101 District
Court of Dallas County, on 19th day
of September, A. D. 1927, by the Clerk
thereof, in the case of Connecticut
General Life Insurance Company,
plaintiff, versus James Samuel Neal-
ey, Mary Rebecca Nealey, O. C. Utsey,
Jr., W. W. Lowrie and E. V. Graham
and J. A. T. Evans, individually and
as partners composing the firm of E.
V. Graham & Co., I. A. Hill, Mrs. M.
B. Hill, E. W. Snodgrass, W. T. Bank-
ston and J. B. Wills, defendants, No.
68690-E, and to me, as Sheriff, direct-
ed and delivered, I will proceed to sell
for cash, within the hours prescribed
by law for Sheriff's Sales, on the first
Tuesday in November A. D. 1927, it
being the 1st day of said month, be-
fore the Court House door of said
Milam County, in the State of Texas
the following described property, to-
wit: 106 3-4 acres of land in about six
miles south of the town of Rogers,
out of the Benjamin Bryant Survey
and the Jose David Sanchez Survey,
Abst. 55, and being described by metes
and bounds in two tracts as follows:

First Tract: Out of Benjamin
Bryant survey: Beginning at the N.
W. corner of this in the E. line of a
tract once known as the Lucinda Mor-
gan tract, later conveyed by H. G.
Hendrick to T. T. Moore, said begin-
ning corner being So. 19 W. 435.6 ft.
from the N. E. corner of said Morgan
tract; Thence So. 19 W. with the E.
line of said tract 653.4 ft. to the S.
W. corner of this from which an elm
tree marked "D" bears N. 78 E. 7.2
ft; Thence So. 71 E. 400 ft. to the S. E.
corner of this in the W. line of a

Connecticut General Life Insurance
Company, plaintiff, together with in-
terest as set forth in said Order of
Sale and costs of suit.

Given under my hand, this 22nd day
of September, A. D. 1927.

L. L. BLAYLOCK, Sheriff.

No more anxiety. No more danger.
No more doubt. Use Fly-Tox, then
you may be sure your garments will
retain their original beauty and per-
fection—free from ravages of moths.
Fly-Tox kills moth, eggs, larvae.
Spray thoroughly blankets, carpets,
rugs, clothing, furs and woollens. In-
sist on Fly-Tox. Fly-Tox is a scien-
tific insecticide developed at Mellon In-
stitute of Industrial Research by Rex
each bottle for killing ALL household
insects. Fly-Tox is safe, stainless,
fragrant, sure. Every bottle guaran-
teed.

Endeavor Society

The Young People's Endeavor So-
ciety roasted weiners and marshmell-
ows at Wayside Inn Monday night.
After the lunch a short business ses-
sion was held. These young people
were chaperoned by Mrs. Guy Slocomb
and Rev. and Mrs. Wallace Jones.

Wednesday Bridge Club

A very pretty party of the week
was the meeting of the Wednesday
Bridge Club with Mrs. George Graves.
The home was adorned with vases and
baskets of lovely pink roses at many
places. There were three tables ar-
ranged for bridge, the score cards
and tally pads reflected the yellow
and lavender color scheme and dis-
played little Japanese girls with lov-
ely umbrellas. Mrs. J. M. Ralston
was a guest besides club members.
The hostess assisted by her sister,
Miss Grace Mangum served a dainty
salad plate with hot tea.

A mother seal can place her puppy
by a hole on a cake of ice and dive
off on a food hunting expedition, stay-
ing for hours, and can return directly
to the cake though the ice may have
drifted thirty or forty miles in the
meantime.

for Sleeplessness—

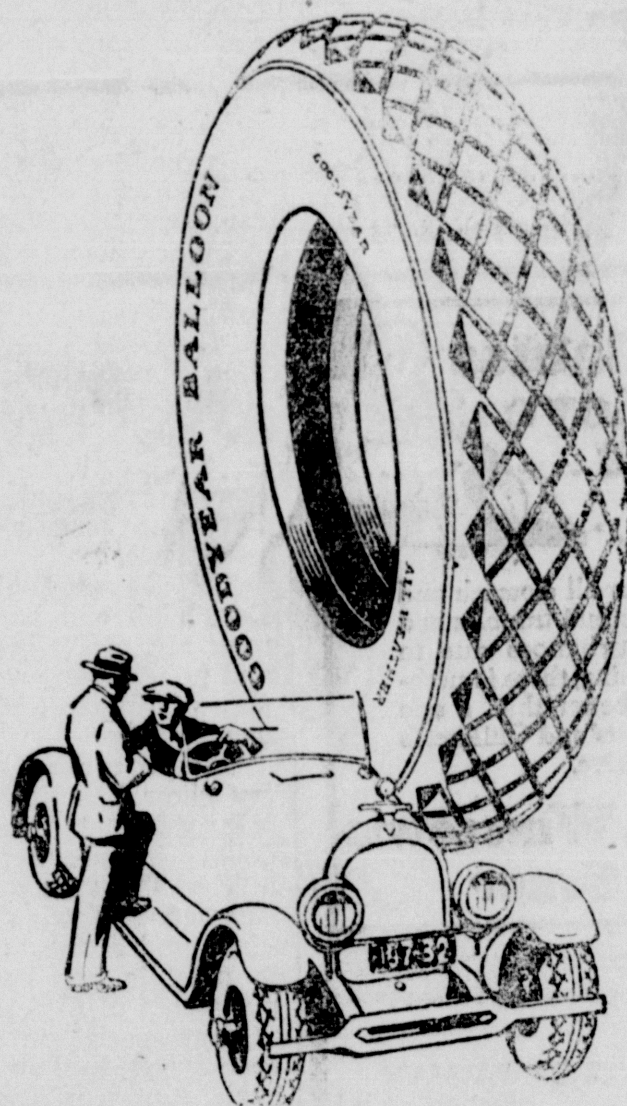

Nervousness, Nervous Dyspepsia,
Nervous Headache, Neuralgia,
Neurasthenia

DR. MILES' NERVINE

Sleeplessness is usually due to a disorder-
ed condition of the nerves. Dr. Miles' Ner-
vine has been used with success
in this and other nervous dis-
orders for nearly fifty years.

We'll send a generous sample for 5c in stamps.

CAN YOU GET THIS SERVICE When You Send Away For Tires?

Will they demount your old tire—
mount the new one—and inflate it to
the correct pressure?

Will they examine your rims to see
that they're free from rust and check
your wheel alignment to make sure

every tire on your
car has a chance to
deliver its full quo-
ta of miles?

Will they inspect
your tires for the

tread cuts and minor injuries at re-
gular intervals?

Will they come to your aid—in a hur-
ry—if you ever need help on the road?
We'll leave the answer to you.
